Climb Stopper.

G-Line Barrier-mounted Climb Detector.

For simple, effective barrier protection, nothing touches GTE's G-Line.

G-Line's passive 3-wire system detects an intruder's attempt to climb over the top of your building, wall or fence. Even if no actual contact is made.

G-Line doesn't use up valuable space or require expensive barrier modifications. It just gives reliable, effective, low-cost protection against the "smart" intruder. And it makes a great addition to the FPS-2 fence protection system for that special high-risk facility.

G-Line operates on the differential concept, thereby virtually eliminating common environmental threats like wind and rain. As a passive non-radiating system, it also is unaffected by passersby. And its low-voltage operation makes it easy on power requirements.

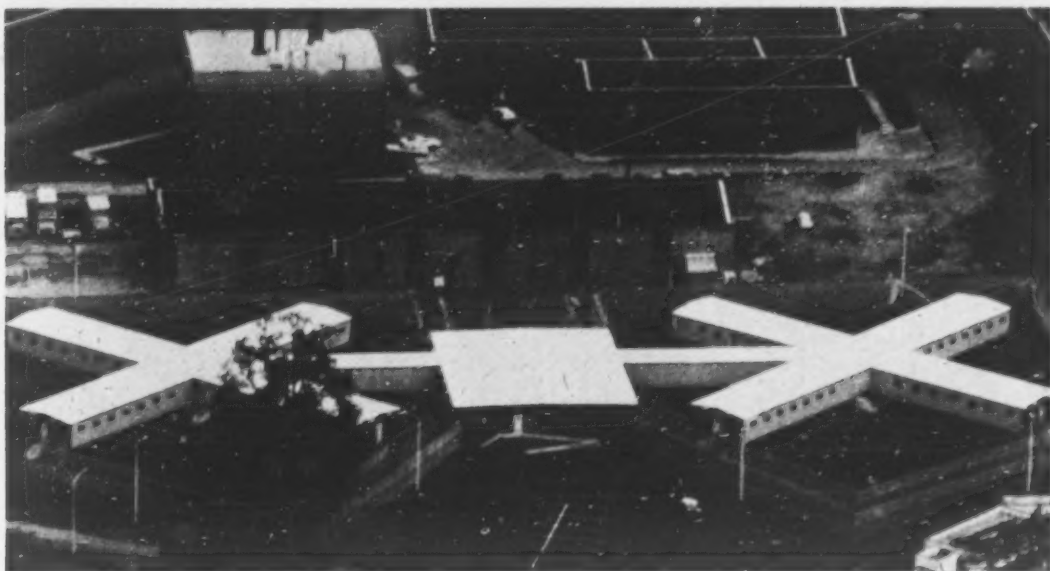

But best of all, it's from GTE, specialists in outdoor perimeter protection needs. For details on G-Line and other GTE perimeter protection needs, write GTE Systems, Security Products Dept., P.O. Box 1448, Mountain View, CA 94042. Or call 415/966-2210 or 966-3135.

Because with G-Line as part of your system, one thing's for sure — no one is going to put anything over on you.

FOREWORD

The *Directory of Juvenile and Adult Correctional Departments, Institutions, Agencies and Paroling Authorities*, now in its 45th year of publication, continues to provide unique and important facts to the correctional community. This reference tool gives data on state, federal and Canadian systems, listing institutions and administrative staff as well as programs, populations, capacities, cost of care, age limits and personnel counts.

We would like to direct your attention to the statistical summaries located in the beginning of the *Directory*. These summaries encapsule fiscal, personnel, populations and related statistics covering the adult and juvenile systems as of June 30, 1984. In some cases, the editor has had to interpret or combine information provided. For detailed information beyond that given in the summaries, please contact the public information officer for the department.

The personal locator is another useful aspect of this *Directory*. An alphabetized listing of all individuals noted in this publication, the locator simplifies locating an individual when the employing state is not known.

Two other directories published by the Association round out a complete guide to the correctional system. The *1983-85 National Jail and Adult Detention Directory* provides vital information on the nation's jails and adult detention centers. The *Probation and Parole Directory*, presently being updated, provides federal, state and county information on adult and juvenile probation, parole and aftercare services in the United States and Canada.

Corrections' volatility and political influences, especially following an election year, make it impossible for the *Directory* to be up to date at the time of publication. However, we make every effort to keep the *Directory* current between editions; please do not hesitate to contact us if you need information. We welcome any comments you might have for improving any aspect of this document.

The Association extends a special thank you to the participating corrections officials and staff who provided the information necessary for this publication. Each year their generous spirit of cooperation and professional concern make this important directory possible.

MEETINGS OF THE AMERICAN CORRECTIONAL ASSOCIATION

The American Correctional Association (ACA) sponsors two major meetings each year—the Congress of Correction in August and the Winter Conference in January.

Both meetings offer workshops that appeal to all sectors of the Association's membership, as well as non-ACA members in the correctional field and the many interested citizens in attendance. The annual meetings provide a forum for involvement of the entire spectrum of corrections in setting national correctional policy. In addition, the Congress features technical workshops, professional seminars, and exhibits featuring the latest in correctional products and services.

Leading experts in the field are featured speakers at these workshops. The tone is positive and proactive as these top-notch speakers address corrections' problems, developments and issues.

Participation in these meetings is an important way to support the Association, but more importantly, is a significant way professionals can support the field while growing professionally.

Congresses of Correction:

1985 — New York, New York	August 11-15
1986 — Las Vegas, Nevada	August 10-14
1987 — New Orleans, Louisiana	August 9-13

Winter Conferences:

1985 — Orlando, Florida	January 17-20
1986 — San Diego, California	January 13-16
1987 — Atlanta, Georgia	January 15-18
1988 — Phoenix, Arizona	January 11-14

The only heat you want in YOUR slammer...

is in OUR **SLAMMERTM OMNI II**

What else could we call it?

You can drop it, bang it, smack it, throw it, stomp on it and serve food in it thousands of times over and the food will always stay hot or cold.

It's made of safe, durable polyethelene, molded in a seamless one-piece shell, surrounding a urethane foam which provides the utmost insulation and maintains a thermal consistency. Special Thermal Cones allow heat to rise to tray above and maintains the chill in cold compartments. The Slammer meets standard regulation requirements and can keep food hot up to 90 minutes.

Who will manage your capital expenditure program?

It's a familiar story. Over budget and behind schedule. Too little information and too much to do. It doesn't have to be that way. Now, there is a way to control costs and time, and still get the facilities you want. It's called Capital Expenditure Management (CEM).

CEM works. It works because it gives you valuable cost and technical input prior to and during design — without having to give up the competitive bid. It helps you plan, coordinate and control your building program from the very beginning... and gives you the expanded capabilities you need to complement

your in-house expertise — just for the duration of your project.

Kitchell has managed or constructed projects worth over one billion dollars — all completed on time and within budget. Sound too good to be true? Talk to our clients. They can tell you what a good investment our services turned out to be.

Note: For the period covered, there were no statutory provisions for capital punishment in Alaska, Hawaii, Iowa, Kansas, Maine, Michigan, Minnesota, North Dakota, Oregon, Rhode Island, West Virginia and Wisconsin.

*Cuban (NV); Mixed race (OK); Chinese (WA)

1. Act 774 of 1983 changed method to lethal injection, with clause allowing those already under death penalty the option of electrocution.
2. Capital punishment statute reenacted in November 1982; to date no one has been sentenced to death and individual has choice of manner of death.
3. Individual has choice of manner of death.
4. Legislation is pending which would change method of execution to lethal injection.
5. On July 1, 1984, the Court of Appeals found the New York State death sentence unconstitutional. The only sentenced prisoner on death row was then removed from the condemned unit.
6. As of Nov., 1982, sentenced prisoners were taken out of general population and put into Administrative Maximum Custody.
7. Manner of execution is in accordance with laws of State in which Federal sentence is imposed. The sole offense for which capital punishment is available is Aircraft Piracy, 49 U.S.C. 1472 (i). S. 1765 would amend Federal criminal laws to provide procedures to utilize the death penalty for other offenses, such as homicide, where it is now authorized but cannot be used because of procedural inadequacies. Legislation is supported which proposes the death penalty for those inmates serving life sentences who murder while incarcerated.

The 120 Lock Provides What You Pay For... **SECURITY**

"There is hardly anything in the world", said John Ruskin, "that some men cannot make a little worse and sell a little cheaper".

THE FOLGER ADAM COMPANY is aware of this possibility, but has always refused to compromise its traditional, high standard of quality for the sake of price.

FOLGER ADAM locks are known for their superior quality and dependability, which are basic factors in high security. Write or call today for further information about FOLGER ADAM locks and other security hardware.

This phone is screaming for help.

The Executone® Maximum Security Telephone System: Added Safety for the Correctional Officer.

In a correctional institution, the telephone is far more than just a communication device. It's a tool to safeguard lives.

That's why Executone Inc., in cooperation with the Federal Bureau of Prisons, has designed the Maximum Security Telephone System: the most advanced computerized telecommunications network for correctional institutions ever conceived.

The Maximum Security Telephone System anticipates virtually every possible security situation. Take, for instance, the System's special "No Dial" feature that automatically generates an alarm if a phone is left off the hook longer than 14 seconds. Or the "Watch-Call Station" feature that simplifies and safeguards inmate head counts. To call in, officers simply dial a 3-digit code that instantly connects them to the "Watch-Call Station" located in the control center. Up to 32 officers can call in—and confer—simultaneously.

The System also provides special phones in key security areas like control centers, guard towers, sally ports and emergency personnel areas. Should an emergency situation arise, an officer need only dial a 3-digit code to set off all security conference phones simultaneously.

For all its technological sophistication, the System is remarkably easy to use, install and maintain. And its price is competitive with systems that are currently used in correctional facilities but do not offer these advanced security features.

So play it safe. Call the Executone experts and learn more about what this special System can do for your facility.

DIRECTORY USER'S GUIDE

This *Directory* provides current information on state and territorial adult and juvenile correctional systems, the Bureau of Prisons, military facilities, and Canadian federal and provincial systems.

The listings of adult and juvenile services include the following:

- Organizational overview
- Central office administrative staff
- Institutions (information as of June 30, 1984)
 - Administrative staff
 - Year opened
 - Normal or rated capacity
 - Average daily population
 - Degree of security
 - Offender type (felon, misdemeanor, etc.)
 - Age limits
 - Accreditation status
 - Cost of care
 - Number of employees
- Community based programs
- Parole Boards (function and members)
- Administrative boards
- Parole and aftercare
- Probation services

This data will assist the user in understanding the total structure of correctional departments in any given jurisdiction.

Statistical summaries of fiscal, personnel and offender information provide vital nationwide data often sought by professionals and the public. New this year is information concerning departments and institutions under court order.

Every effort has been made to ensure accuracy and completeness; however, the Association cannot assume responsibility for errors or omissions. When updated information was not provided, data from last year's edition was assumed correct and repeated.

Changes or new information to be recorded in future editions of the directory should be forwarded to the Association. Comments or suggestions for improvement are welcome.

LISTING OF FACILITIES

ALABAMA

ORGANIZATION AND ADMINISTRATION

In Alabama adult institutions come under the Department of Corrections; juvenile institutions come under the Department of Youth Services.

The State Board of Pardons and Paroles paroles adults and provides a statewide system for adult probation and parole services.

Release dates for juveniles are determined by the Juvenile Court having original jurisdiction over them. The Court also provides probation and parole services for them along with those provided by the State (probation only). There is no parole board for juveniles.

ADULT INSTITUTIONS

Persons of the age 16 or over who are convicted of a felony are committed to the State Board of Corrections for a minimum sentence of one year and one day. Youthful offenders (under the Youthful Offender Act) are also committed to the State Board.

ADULT PAROLE BOARD, PROBATION AND PARDONS SERVICES

The State Board of Pardons and Paroles is a full-time Board consisting of three members appointed by the Governor. The Board paroles adults and provides adult probation and parole services statewide.

JUVENILE INSTITUTIONS

The Department of Youth Services was set up to provide complete responsibility for the juvenile training schools. It is independent of other state agencies and its Director reports to an 18-member Board which is appointed by the Governor.

The Department provides consultative services for community-based programs and helps establish standards and licensing procedures for these programs and their personnel. It also establishes standards for certification of probation officers and subsidizes County Probation Departments so that, in this way, juvenile probation is provided by the State financially (50%) and by the Counties (actual manpower).

ADMINISTRATION AND ORGANIZATION

The Department of Corrections is headed by a Commissioner of Corrections reporting to the Governor. The State is administratively sectioned into three regions: Northern, Southcentral and Southeast, each managed by a regional director having authority over all corrections functions within their respective region.

Adult probation and parole are supervised by probation officers of the Department of Corrections. The Executive Director of the Parole Board reports to the Commissioner of Corrections. Regional Administrators for probation/parole services report to their Regional Director.

The Board of Parole is responsible for adult parole release; the board reports to the Governor.

The Division of Family and Youth Services, under the Department of Health and Social Services, provides institutional and field services for juveniles separate from the Department of Corrections.

ORGANIZATION AND ADMINISTRATION

Adult and juvenile institutions and adult and juvenile parole services are provided by the Department of Corrections, the Director of which is appointed by the Governor.

Adult and juvenile probation services are the function of the 15 County Probation Departments, which are part of the Superior Court or judicial branch of the government.

The Board of Pardons and Paroles (which paroles adults) is an independent agency reporting only to the Governor.

ADULT PAROLE BOARD

The Board of Pardons and Paroles is a full-time Board whose seven members are appointed by the Governor and confirmed by the State Senate for staggered five year terms. The Board is responsible for parole decisions for all adult felons committed to the Department of Corrections. They also review all executive clemency applications and make recommendations to the Governor regarding these actions.

The Board is an independent state agency.

ARKANSAS

ORGANIZATION AND ADMINISTRATION

The Arkansas State Penitentiary Board was established by Act 1 of 1943. Act 50 of 1968 reorganized the State Penitentiary. Through this legislation, two major boards were established: the Arkansas Board of Correction and the Arkansas Board of Pardons and Paroles. The Board of Correction has general supervisory power and control over the Department and performs all functions with respect to the management and control of the adult correctional institutions of the state.

The Director is aided by three Assistant Directors to more effectively manage the various operations of the Department: Institutional Services, Field Services, and Health and Correctional Programs.

Juvenile institutions and services are the responsibility of the Department of Human Services, Division of Youth Services. Juvenile services and the juvenile parole board also come under the jurisdiction of this Department. State statutes define parole eligibility of offenders by term status.

The Board of Pardon and Paroles is an independent board reporting only to the Governor. Field services are under the authority of the Department of Correction.

REINFORCED MELAMINE SERVING WARE

Tough, dependable, economical ... that's the entire Halsey line of reinforced melamine serving ware. Halsey combines rugged, high-impact materials with expert molding techniques for quality serving ware that keeps your hot foods hot and your cold foods cold. Chopped cotton cloth strengthens the basic materials for extra impact resistance and excellent thermal insulating properties.

Food service accessories take a lot of punishment. Our high-gloss surface resists stains ... even cigarette burns! The result? Serving ware that stays both sanitary and attractive. These products are designed for compact, quiet stacking for room air drying and less disturbing clatter. Your choice of green or tan color provides variety. All Halsey products meet Federal specifications and are stocked for all Federal agencies by the General Services Administration. Items may also be ordered directly from:

JUVENILE INSTITUTIONS AND SERVICES

The Division of Youth Services is a state agency vested with the responsibility of providing comprehensive services to all youth under age 18 who are delinquents, juveniles-in-need of supervision (status offenders) and youth-at-risk (youth who exhibit behavior that is likely to result in contact with the juvenile justice system). These services are available through a statewide system of contracted community-based programs and through two minimum security Youth Services Centers and one secure Intensive Treatment Unit.

The goal of the Division is to provide a statewide system of services for youth which will be made available in the least restrictive environment and will aim to reduce and/or prevent the occurrence or recurrence of delinquent behavior and institutionalization. The Division has contracts with thirteen (13) community-based programs to provide diagnosis and evaluation services, individual and family counseling, and substitute care and casework for youth within their own environment.

Why PLATO® belongs behind bars.

PLATO® is a computer-based system that can unlock doors to opportunity in corrections administration and staff training. And open new avenues to success in inmate education, training, and job-seeking programs.

CONTROL DATA has drawn on years of experience in correctional service to provide a broad-based package of PLATO training products.

The PLATO system includes more than 12,000 hours of courseware delivered on free-standing microcomputers or by telephone-line

connection. Corrections courseware includes remediation, GED preparation and vocational programs to give inmates an "outside" chance. And management training, computer literacy, corrections officers training, and health and safety programs to help administrators and executives.

For complete corrections service information, call toll-free at 1-800-828-8001, extension 2370. Or write Corrections Systems, HQN12G, 8100 34th Avenue South, Minneapolis, MN 55440.

PROBATION SERVICES

Probation services are provided by the counties for both adults and juveniles. The cities are serviced by the counties in which they are located.

COLORADO

ORGANIZATION AND ADMINISTRATION

In 1977, the State Department of Corrections was formed for adult corrections, retaining the same sentencing system as it had as a division of the Department of Institutions. In 1983, four modular units representing an additional 186 beds were installed to relieve overcrowding.

The Division of Youth Services, still under the Department of Institutions, provides services for juveniles.

The State Board of Parole, now part of the Department of Corrections, grants paroles to adults only. Parole supervision is administered through the Division of Community Services. The Juvenile Parole Board is independent.

Adult and juvenile probation services are a function of the Colorado Judicial Department.

ADULT INSTITUTIONS

Commitments (of the age 16 or above) to the Department of Corrections are adjudicated in adult court as felons or misdemeanants and sentenced to a definite term having a fixed minimum and fixed maximum sentence. Sex offenders may be sentenced to an indeterminate term of from one day to life.

State-subsidized Juvenile Diversion, 4255 South Knox Court, Denver 80236

Richard Stewart, Program Director

Phone: (303) 761-5966

Since July 1976, the General Assembly has subsidized juvenile diversion programs. Funding is based on 75% state and 25% local contribution. Each program funded is responsible for demonstrating that clients served would otherwise be involved in the juvenile justice system and that recidivism has been measurably reduced. The programs provide immediate community access to short-and long-term diversion services for juveniles referred by the justice system.

JUVENILE PAROLE BOARD AND SERVICES

The Juvenile Parole Board consists of five part-time board members who are appointed by the Governor. The Board members are chosen from each of the following state agencies: Department of Public Welfare, Department of Institutions, Department of Education, Division of Employment, and Division of Rehabilitation. The Board has the authority to grant, defer, suspend, or revoke all paroles of a child committed to the Department of Institutions as a delinquent.

CONNECTICUT

ORGANIZATION AND ADMINISTRATION

The Correctional System for Connecticut is divided into the Department of Correction (adult institutions), the Department of Adult Probation, the Department of Children and Youth Services (juvenile institutions and parole services), and the Juvenile Court (juvenile probation). The Department of Correction is further divided into the Division of Parole (adult services), Community Correctional Centers and the Division of Community Release. Each Department is autonomous and responsible only to the Commissioner of that Department.

The members and Chairman of the Board of Parole are appointed by the Governor. The Board is an autonomous agency.

ADULT INSTITUTIONS

Offenders 16 and over are committed to the Department of Correction. Misdemeanant commitments are sent to the Community Correctional Centers, and felons whose sentences are one year or more are sent to long term institutions.

Three reasons to put our books behind bars.

1. We help you abide by the law. It's up to prison officials like yourself to comply with the law according to Bounds vs. Smith. And our Basic Legal Research System for prison libraries is your cost-effective way to meet those requirements.

We think you'll find it's economical for you to build an adequate law library with our help—because we provide everything you need to comply with the law, including training, support materials and how-to guides for the system.

2. We'll tailor our system to your library. This is the only legal research system that fits together like interlocking building blocks. So you can purchase our national publications one-by-one or combined as your budget permits. For example, one way to start is with our United States Code Service—and there's no initial outlay of funds.

Then you can continue building your library with our state publications and how-to tools.

3. We make research easier for your inmates. Our lawbook collection is concise and complete. It's fully organized

and written so both the substance and procedures of the law are easy for your inmates to find, understand and use. And best of all, our system ties in with any system you may have in your library.

For more information, clip the coupon and send for our free booklet, "Legal Research Primer."

We do more than just print the law—we put it into perspective.

DIVISION OF COMMUNITY RELEASE

340 Capitol Avenue, Hartford 06106-1494

Telephone: (203) 566-3495

Todd Fisk, Chief, Community Release Programs

According to Departmental regulations, those offenders who are within one year of their earliest release date, parole, or expiration of sentence are eligible to apply for community release consideration. There are 27 institutions conducting community release programs (including work release and educational release programs) under the supervision of this Division. These include five units in the Department of Correction and 22 units outside the Department of Correction (halfway house-type units).

ADULT PAROLE BOARD

The Board of Parole is an autonomous agency (assisted administratively by the Department of Correction) which consists of 11 members, including the Chairman, appointed by the Governor with the consent of either the House of Representatives or the Senate. The Chairman serves full-time, the other members serve part-time.

The Chairman assigns members to panels composed of three members (including himself) for each correctional institution. These panels are the paroling authority. The panels make release, revocation, and rescission decisions on all individuals serving indeterminate sentences committed prior to July 1, 1981. Effective July 1, 1981, all prison terms are determinate, and these individuals will not be eligible for parole.

JUVENILE PAROLE AND PROBATION

On July 1, 1978, Connecticut became the first state in the nation to possess a single unified trial court, centrally administered and entirely state financed. Superior Court Judges are assigned to Juvenile Matters for a period of six months.

The Superior Court-Juvenile Matters exercises exclusive and original jurisdiction over uncared for, neglected and dependent children under 18 and defective and delinquent children under 16, except for a limited category of Serious Juvenile Offenders subject to mandatory waiver to the criminal docket. The Family Division administers four detention centers (coed) in Bridgeport, Hartford, Montville and New Haven.

ORGANIZATION AND ADMINISTRATION

The Bureau of Adult Correction (adult institutions) is under the Department of Corrections. The Division of Youth Rehabilitation Services is under the jurisdiction of the Department of Services for Children, Youth, and Their Families.

Probation and parole services for adults are administered by the office of Community Services under the Bureau of Adult Correction. The Family Court administers probation services to juveniles; the Aftercare Unit of the Department of Services for Children, Youth, and Their Families, Division of Youth Rehabilitation Services provides aftercare (parole) for juveniles.

The Delaware Parole Board is an independent State agency, responsible only to the Governor, which paroles adult offenders. Juveniles are paroled by individual institutional review committees; the Review Boards are responsible to the Director of the Department of Services for Children, Youth, and Their Families, Division of Youth Rehabilitation Services.

Having trouble holding the lid on food service costs?

Try these food service management techniques:
Develop a menu cycle. Write and test standard recipes.
Establish purchasing specifications. Set up perpetual
inventory and stock rotation systems. Evaluate the
delivery system for hidden costs. Plan daily food
preparation to minimize waste. Establish a cost
accounting system. Supervise daily operations to
assure cost containment.

Or, talk to the corrections food service specialists at
Szabo Food Service Company. We use all these
techniques—and more—to help institutions across
the country hold the line on budgets. Call or write
Vice President W. John McGinnis for details.

Just an ordinary tube of toothpaste ...right?

wrong!

• Things aren't always what they appear to be. Fortunately, the Torrex II X-ray Security Screening System can easily spot these 22 caliber shells inside this tube of toothpaste — just as easily as they can be inserted through the opening beneath the cap. Or, if capsules of narcotics are placed inside the tube, they, also, can be spotted with ease.

• The Torrex II can greatly assist in the vital task of correctional institution security by finding contraband being smuggled in through channels you might not expect. And with its high penetration plus high resolution capabilities, the Torrex II can do it with ease. More than one hundred of these units are currently being used in correctional in-

stitutions throughout the United States and Canada. Why not increase security while decreasing security costs in your institution — with a Torrex II. ORGANIZATION AND ADMINISTRATION

The Department of Corrections provides a decentralized correctional system for adult offenders. It is the duty of Secretary of the Department, who is appointed by the Governor, to appoint a Deputy Secretary, an Assistant Secretary for Programs, an Assistant Secretary for Operations, an Assistant Secretary for the Office of Management and Budget, and five Regional Directors. The Assistant Secretary for Operations is directly responsible for each Regional Director, who in turn will be responsible for the functioning of every facet of the correctional system in his region (i.e., institutions and probation and parole services).*

Juvenile institutions and services are the responsibility of the Department of Health and Rehabilitative Services' Children, Youth and Families Program Office.

The Parole and Probation Commission is a constitutionally created agency reviewed and funded by the State Legislature but appointed by and responsible to the Governor.

**formerly Department of Offender Rehabilitation*

ADULT INSTITUTIONS

Persons tried as an adult for a felony offense and sentenced to one or more years are committed to the custody of the Department of Corrections.

Del Norte Perimeter Systems show you what's happening and where, instantly.

The new Del Norte map annunciator system combined with the CIRCE or SP 2000 alarm processor gives you total perimeter control.

The system uses seismic geophone sensors — either fence-mounted or underground — and/or infrared beams to detect possible intruders or breakouts. The display and monitor system provides visual and printed records on all alarm information.

And the map displays come in both

wall-mounted and remote mobile units for full versatility.

Call or write for details on Del Norte perimeter systems. Let us show you what's happening with the latest from Del Norte.

ORGANIZATION AND ADMINISTRATION

Under the Department of Offender Rehabilitation, the Facilities Division is responsible for adult offender institutions and transitional centers (work release, pre-release, and adjustment centers), and the Probation Division provides services on the state and county level (field supervision, Probation/Restitution/Diversion Centers).

The Board of Pardons and Parole is an independent agency which reviews adult parole cases and provides field parole supervision. It is also the only state agency vested with the power to grant clemency.

Under the Department of Human Resources' Division of Youth Services, juvenile institutions and probation and parole services are provided (State supervises, but services are administered on a local level). While there is no juvenile parole board, juveniles committing minor offenses are reviewed by a Divisional Committee; those committing major offenses are reviewed by the Board of Human Resources.

JUVENILE INSTITUTIONS

Original jurisdiction in juvenile cases is at the District (Magistrate) Court level. These courts cannot commit directly to an institution, but commit instead to the Department of Health and Welfare, with or without a recommendation for placement. The Department may place children in the Youth Services Center, a community-based Group Home, foster homes, or provide supervision in the parental home. A child is subject to juvenile law up to age 18 with no minimum sentence, and jurisdiction of the Department may continue up to his 21st birthday. The present Idaho law does not distinguish between "status" offenses, and those which would be crimes if committed by an adult.

ADULT INSTITUTIONS

Adult (over 17 years) felons (sentences of one year or more) are committed to the adult institutions of the Department of Corrections. As of July, 1983, misdemeanants (those with a sentence of less than one year) may not be sentenced to the Department.

Sentences for crimes committed prior to February 1, 1978 were indeterminate sentences. Newly prescribed penalties are determinate sentences, followed by periods of mandatory supervised release for from one to three years, depending on the classes of offenses. Conversion of remaining indeterminate sentences to definite release dates is done by the Prisoner Review Board.

PRISONER REVIEW BOARD (FT)

Successor to the Parole and Pardon Board, the Board is comprised of ten members appointed by the Governor with the advice and consent of the Senate to staggered six year terms. It has parole jurisdiction over adults and juveniles. Most offenders serving indeterminate sentences are eligible for release date offers by the Board in the event they are denied parole. Release dates may be rejected by the offenders in favor of continued parole eligibility.

ADULT PROBATION DEPARTMENT

Circuit Court of Cook County

Under the auspices of the Chief Judge of the Circuit Court, this department administers probation services as they relate to the Circuit Court of Cook County. It is governed by the Probation Act of Chapter 38 of the Illinois Revised Statutes.

The department supervises approximately 25,808 probation cases; 80% are other state cases via an interstate compact. Of these cases, 88% are men and 12% are women.

The Chief Probation Officer and Deputy Chief Probation Officers receive full-time appointments by the Chief Judge of the Circuit Court of Cook County. The Chief Probation Officer is responsible for planning and coordinating the work of all subordinate probation officers under his jurisdiction who are subject to regulation that may be adopted by the Circuit Court; the Deputy Chief is responsible for controlling and operationalizing the directives from the Chief Probation Officer via line officers.

INDIANA

ORGANIZATION AND ADMINISTRATION

Indiana's Department of Correction is divided into three divisions: Program & Community Services, Operations, and Administration. Programs & Community Services is responsible for parole, work release, institutional programming, administration and supervision of community-based correction grants and offender support services. Operations is responsible for all institutions and Administration is responsible for all policy, training, personnel and fiscal functions.

The Board of Correction serves as an advisory board to the Department of Correction.

The Indiana Parole Board is a separate agency reporting, ultimately, to the Governor. It reviews adult parole cases and clemency cases.

HIDDEN
DRUGS
UNDER 3X
MAGNIFICATION

There'll be no high times at 77421's birthday party tonight. That's because the Philips Dynafluor XI spotted the "bennies" in his birthday cake.

It'll also show "snow" in a shopping bag or "mary jane" in the mail. Fact is, any drug that can be injected, popped, smoked or snorted can be seen by this revolutionary, low-dose X-ray inspection system.

The Dynafluor XI is the *only* low-dose X-ray system with dual magnification and adjustable contrast for drug spotting capability. A handy joy stick allows you to scan the entire image, and a simple turn of the stick provides added magnification that'll make a nickel bag stand out like a 10 pound sack.

Dynafluor brings the best of both worlds to X-ray inspection. The Dynafluor XI images handguns, knives, files and other potential threats, and the choice of magnification and/or variable contrast allows you to spot concealed drugs. You get low dosage, ideal penetration and optimum contrast for nondestructive inspection of the broadest variety of items from mail to foodstuffs.

Let the Philips Dynafluor XI help you stop drugs from infiltrating your institution. Call or write for a

demonstration or a copy of our informative brochure. Philips Electronic Instruments, Inc., Security Systems, 85 McKee Drive, Mahwah, NJ 07430. (201) 529-3800.

PROBATION AND PAROLE SERVICES

Adult and juvenile parolees are supervised by the Parole Services Section.

Probation services for both adults and juveniles are administered at the county level under the supervision of the Judicial Conference of Indiana, an organization consisting of all of the state's full-time judges. The Department of Corrections has no supervisory or administrative authority for probation effective January 1, 1981.

PROBATION SERVICES

Probation officers are county employees directly supervised and employed by the presiding judge in the community. Judicial Conference of Indiana has responsibility for administering the examination for prospective probation officers, and for conducting educational and training programs for probation officers.

The State Court Administrator collects and maintains probation data.

ADULT PAROLE BOARD

The Indiana Parole Board consists of five full-time paid members appointed by the Governor. The Board grants paroles to indeterminate sentence prisoners at the expiration of their minimum term and also acts as the Governor's Clemency Commission. Prisoners serving life sentences are eligible for parole consideration after serving 20 years if the offense was either first or second degree murder and after 15 years for any other offense, which resulted in the sentence of life.

ADULT PAROLE AUTHORITY (FT)

The Kansas Adult Authority is a three-member Board appointed by the Governor to four year terms. The board meets full-time to review cases for adult offenders, hold initial hearings, public and institutional (closed) parole hearings, investigate clemency applications and discharge parolees. The Secretary of Corrections, Community Field Services, provides supervision for parolees.

JUVENILE INSTITUTIONS

Youth between the ages of 13 and 18 who have been adjudged juvenile offenders, may be committed by the juvenile division of a District Court to the Secretary of the Department of Social and Rehabilitation Services or directly to a youth center. Status offenders are not eligible. Commitments are all to age 21 or until the superintendent of the institution finds the youth "fully reformed". The superintendent of the institution may release at any time without getting approval of court or other body.

JUVENILE PROBATION AND PAROLE

Juvenile probation services are provided by Court Services of the juvenile division of the District Courts.

Conditional Release Supervision (parole) is a function of the Department of Social and Rehabilitation Services in cooperation with the Courts. The Superintendent of the institution to which a youth is admitted determines the release date for that individual. Paroles are administered by area offices of Social and Rehabilitation Services.

ORGANIZATION AND ADMINISTRATION

Adult correctional services are provided by the Corrections Cabinet. Juvenile Services are provided by the Department for Social Services under the Cabinet for Human Resources. Most juveniles receive community-based treatment rather than being institutionalized.

Probation and Parole Services are administered by the Department of Community Services and Facilities within the Corrections Cabinet. This Department supervises adult offenders on parole, probation, and those who are placed on "shock" probation by the judge.

LOUISIANA

ORGANIZATION AND ADMINISTRATION

Louisiana's correctional system is (by 1983 Legislative Act 97) now contained in the Department of Public Safety and Corrections (DPSC).

The Secretary of the Department is appointed by the Governor and is responsible for both adult and juvenile programs in Corrections Services along with other major duties involving the entire Department.

The Probation and Parole Division supervises adult probation and parole.

Effective January 1, 1985, Juvenile Services' three new divisions - (1) institutions; (2) evaluation and placement; and (3) youth services-have responsibility for a referral system to community-based programs, for juvenile probation and parole areas, for delinquency prevention, as well as for juvenile facilities.

YORK PLUS HOFFMAN'S

the Double Way to Fitness!

Over 50 years ago, Bob Hoffman discovered a dynamic partnership. It was then, as a champion athlete and later as U.S. Olympic coach, that he noted the dual importance of proper nutrition and training equipment to superior physical performance. In the years since, he has developed a *unified* approach to physical fitness with the products of his own York Barbell Co. and Hoffman's Foods.

Now in the 1980s, the York Barbell Olympic set is the only United States-produced barbell recognized by the International Weightlifting Federation for use in international and Olympic Games competitions.

Now in the 1980s, only Hoffman's Food Products offer the nutrition conscious purchaser its unique range of protein supplements, nutritional aids, beverages and natural snack foods.

JUVENILE SERVICES

The Division of Youth Services (under the Office of Human Development in the Department of Health and Human Resources) handles all juvenile services with the exception of those services provided by the independent probation departments within the State and commitments to the Department of Corrections.

The Division administers three primary service delivery programs. Field Services (Juvenile Probation and After Care supervision), Community Services (juvenile court intake, delinquency prevention and community development) and Institutional Services (placement, monitoring and supervision of juveniles in non-state facilities, group homes, shelter care programs, etc.)

There is no juvenile parole board per se. The committing judge sets the release date for those juveniles entering the Department of Corrections' Training Schools.

MAINE

ORGANIZATION AND ADMINISTRATION

(Effective September 18, 1981, the Maine Bureau of Corrections became independent of the Department of Mental Health and Corrections.)

The Department of Corrections administers the State correctional system and is responsible for three institutions plus the Division of Probation and Parole, which provides field services to five Probation-Parole districts in Maine and also supervises all persons released on parole, and the Division of Intake Services which works with Law Enforcement and the Judiciary in the juvenile area.

The Parole Board hears pre-1976 adult cases of parole and juvenile violation cases from the Maine Youth Center. Those sentenced under the new Criminal Code which became effective May 1, 1976 have flat sentences and no parole.

ECSI's simple approach to your complex security problems

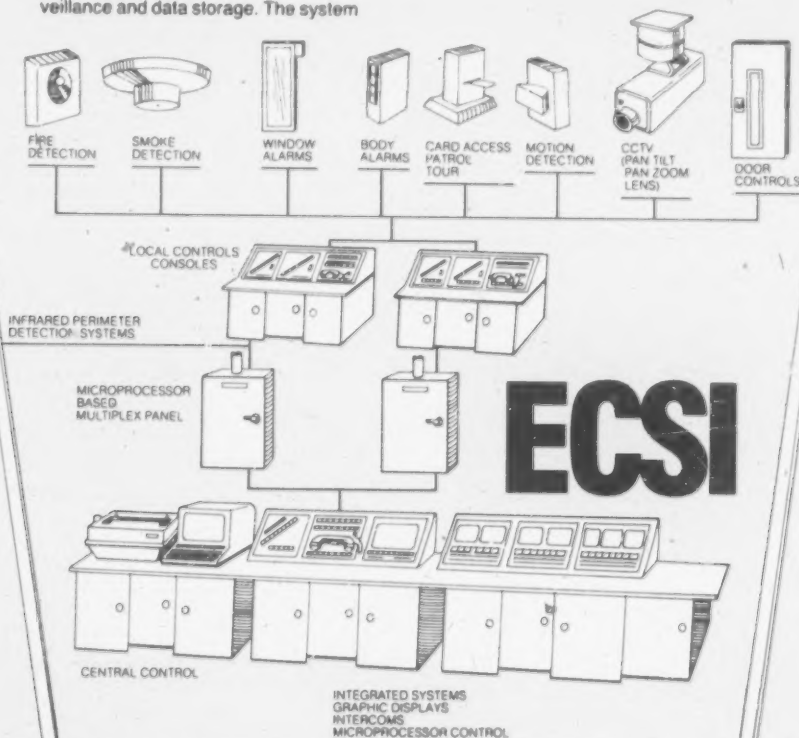

ECSI designs and manufactures people oriented monitoring and control systems that are easy to operate and easy to maintain.

ECSI Security Systems have been designed for the modern correctional facility to afford a "normative" yet secure environment for resident and staff.

ECSI Security Systems incorporates microprocessor based window monitoring, door access control, patrol tour, card access, duress alarms, personal body alarm, intercom, public address monitoring, roof perimeter infrared detection CCTV surveillance and data storage. The system

can be interfaced with smoke, fire detection, elevator control, energy management, and emergency lighting systems to provide "on-hand" operational ability for your line officers and management team.

ECSI provides the design support, fabrication, installation and service, affording you the most complete and effective security system available to meet your specific needs in today's modern correctional facility. To learn just how simple a really secure facility can be, call (201) 751-7100, or write ECSI, 250 Mill Street, Belleville, NJ 07109.

ADULT PAROLE BOARD

The State Parole Commission consists of seven full-time, paid members whose jurisdiction extends to local city and county jails. Members of the Commission are appointed by the Secretary of Public Safety and Correctional Services with the approval of the Governor and advice and consent of the Senate. The appointments shall be made without regard to political affiliation. Each member shall be a resident of the State and shall have training and experience in law, sociology, psychology, psychiatry, education, social work or criminology. The Commission is responsible for granting parole, reviewing requests for warrants for alleged parole violation, recommending executive clemency requests to the Governor, and evaluating parolees' performance when on parole.

JUVENILE SERVICES

Juvenile Institutions, Intake, Probation, and Aftercare (parole) services all come under the jurisdiction of the State Department of Health and Mental Hygiene's Juvenile Services Administration. All children under the age of 18 who are committed by the Courts are sent to the following institutions for indeterminate sentences. At the time of commitment, the Juvenile Services Administration assigns an Aftercare Worker to the case. It is his job to prepare the community for the child's return as well as help the institution prepare the child for eventual release back into the community. The date of release is determined by the institutional staff and the Aftercare Worker who together make their recommendation to the courts for final approval.

JUVENILE INTAKE PROBATION AND AFTERCARE

The decision to put juvenile offenders on probation instead of institutionalizing them is made by the Court, based on the recommendation of the Juvenile Counselor. The Intake, Probation and Aftercare services are provided by Juvenile Counselors within each region. The State (including Baltimore City) is geographically broken down into ten regions; the Supervisors administer the services for their region of the State. They are responsible to the Assistant Director for their respective regions.

Tokens are The Answer!

— 'Notes & Quotes' —

We have Tokens in use in all the Coke Machines throughout all state facilities.

Our vendors found out that conversion of the machine coin acceptors was quite simple, and much easier than they expected.

We think the Token Vending System has solved problems for us as well as our contract vendors. It is a good program, and we like it.

We use Tokens as a (Script) Private Money System. This is the best idea we have seen in recent years.

All of our Commissary Vending Machines are set on Token Operation. It is working out very well.

We use Tokens for Cigarette Checks. Each Token is redeemable for a pack of cigarettes at our Inmate Store.

For a long time, we had used Printed Paper Script.

Replacing this system with Tokens as Script has proven to be an excellent change.

One of the Board Members suggested using the Pepsi Tokens as a reward for inmates who exceed work quotas. We use the Nickel Plated Tokens for control, to keep the award Tokens different from the standard Brass Tokens.

The incentive system has worked out very well. Everyone is pleased with the Token System.

The Massachusetts Parole Board is an independent agency within, but not subject to, the State Department of Corrections. The Chairman is the executive and administrative head of the agency and is responsible to the Secretary of Human Services. The Board also serves as the Advisory Board of Pardons for the Governor.

The Parole Board is responsible for the granting and revocation of parole for all commitments to state prison, reformatory and houses of correction serving a sentence of 60 days or more from either Superior or District Court. Parole Board members are appointed by the Governor and serve five year terms.

Parole supervision is provided by a field staff under the direction of the Chief Parole Supervisor. Parole officers are responsible to a Regional Supervisor who reports to the Deputy Chief Parole Supervisor.

EVERY PERIMETER IS DIFFERENT.

SENTRAX is a modular intrusion detection system. It is designed to address the complete security needs of both long and short perimeters. The buried line electromagnetic field sensor provides a very high probability of detecting humans under a wide range of environmental conditions with a low false and nuisance alarm rate.

SENTRAX can be adapted to your unique perimeter security requirements to provide:

- Low false alarm rate
- High probability of detection
- High reliability and failsafe operation
- Color CRT site maps
- Modular design site adaptable
- Integration of complementary sensors
- Secure power and data distribution
- Covert
- Terrain following

JUVENILE PROBATION AND PAROLE

The administration of the Juvenile Probation System falls within the purview of the State, the Court Administrator and the County levels of government. The Office of Children and Youth Services of the State Department of Social Services is required to provide consultation and assistance to juvenile probation workers.

In all counties, juvenile courts are divisions of probate courts and have exclusive original jurisdiction over delinquent children and concurrent jurisdiction over neglected and dependent children under 17. Minors who have committed felony crimes after their 15th birthday may be waived to adult court (circuit) for trial.

JUVENILE PAROLE BOARD

The Youth Parole and Review Board, under the Department of Social Services, is a full-time agency whose three members conduct parole hearings for juveniles. In conjunction with the Board, there are also five Administrative Law Judges who conduct hearings.

MINNESOTA

ORGANIZATION AND ADMINISTRATION

Both the adult and juvenile State correctional institutions come under the jurisdiction of the Department of Corrections. Felons with sentences of more than one year are committed to the Commissioner of Corrections. Juveniles adjudicated delinquent may be committed to the Commissioner of Corrections and incarcerated in state institutions.

The Commissioner of Corrections has responsibility for parole and supervised release of convicted felons. The Board of Pardons consists of the Governor, Attorney General and the Chief Justice of the Supreme Court.

ADULT PAROLE AND SUPERVISED RELEASE

The Commissioner of Corrections has responsibility for parole and supervised release. With the exception of the parole of inmates with life sentences, the Commissioner delegates this authority to the Office of Adult Release. The Office of Adult Release consists of the Executive Officer of Adult Release and three department staff who are assigned part-time to assist the executive officer. An advisory panel composed of department employees advises the Commissioner regarding inmates with life sentences. Parole and supervised release duties were formerly performed by the Minnesota Corrections Board which was legislatively abolished on June 30, 1982.

ADULT AND JUVENILE PAROLE, SUPERVISED RELEASE AND PROBATION SERVICES

Probation, Parole and Supervised Release is handled by a state and county system in different manners: Those counties under the Community Corrections Act provide probation, parole and supervised release services. In the remaining counties the county provides probation and parole services for juveniles and the state provides probation, parole and supervised release services for adults.

Save 1/3 the space on storage of prisoners' effects.

Correctional institutions all over the country are using White Conveyors for the storage of prisoners' effects. Many centers store these effects in garment bags or on hangers. The conveyors need no aisles and so can be "caged" or "walled in" with just a small section open for the attendant. Retrieval time is dramatically

reduced. A push of a button automatically brings the proper conveyor position to the attendant. Prisoners' effects are thus stored in an organized, easily retrievable fashion.

If your space is at a premium White Conveyors may be the answer.

ADULT PAROLE BOARD, PROBATION AND PAROLE SERVICES

Under the Department of Corrections and Human Resources, the Board of Probation and Parole is an autonomous body whose jurisdiction includes all adult parole and revocation responsibilities. Its five full-time members are appointed by the Governor, with the advice and consent of the Senate.

The Board of Probation and Parole Field Staff provide (statewide) probation and parole services for adult felons and misdemeanants. They also provide investigative and supervisory services on a limited basis to several smaller counties, and, to a larger extent, to St. Louis City and Jackson County (Kansas City) for recognizance releases.

MONTANA

ORGANIZATION AND ADMINISTRATION

As of September, 1975, a newly-created Corrections Division was established under the Department of Institutions to provide for adult and juvenile institutions and services. Within the Division is the Community Corrections Bureau (adult probation and parole services, juvenile parole services).

The Board of Pardons is attached administratively to the Division of Corrections but is autonomous in its authority to parole adults.

Juvenile probation services are handled locally by the counties.

what's so special about this telephone?

everything when it comes to communications & emergency alert

Rauland TELECENTER provides instant 2-way communications between administrators and guard stations. It monitors cells or cell blocks on a selective basis. It provides visual and audible alert in emergency situations: the Administrative telephone readout flashes and indicates the emergency location; a repetitive tone sounds the alert; at the push of a single button the administrator communicates instantly with the calling station.

GRAPHIC DISPLAY AVAILABLE

The entire layout of your facility may be viewed on a graphic display panel which indicates sources of incoming calls. This is one of a number of desirable options designed specifically for correctional security. A Telecenter Specialist in your area is ready to survey your facility and recommend the proper system for your needs. Write or call for full information.

NEBRASKA

ORGANIZATION AND ADMINISTRATION

The Department of Correctional Services is responsible for adult and juvenile correctional institutions, and adult and juvenile parole services (Parole Administration office). The Director of Correctional Services reports to the Governor.

The Board of Parole is the paroling authority for adults. Juveniles are released on parole at the discretion of the Superintendents of the correctional institutions.

The Board of Pardons (to which the Board of Parole reports) grants pardons and commutations.

Probation is a function of the state, counties and cities.

INSTITUTIONS

In Nebraska, any person convicted of a felony is committed to the Department of Correctional Services. Statutorily, there is no minimum sentence nor minimum age since juvenile corrections falls within the administrative framework of the Department. However, anyone committed to the Adult Division who is under 16 years of age must be isolated from the adult population.

ORGANIZATION AND ADMINISTRATION

The State of Nevada's penal system is comprised of three independent departments: 1) the Department of Prisons, 2) the Department of Parole and Probation which supervises adult parolees and probationers, and 3) the Department of Human Resources which handles juvenile institutions and services via the Youth Services Agency. The Director of the Department of Prisons reports to the Board of Prison Commissioners (Governor, Attorney General, Secretary of State) and the Department of Parole and Probation reports to the Governor advised by an autonomous Board of Parole Commissioners, the members of which are appointed by the Governor. The Administrator of the Department of Human Resources ultimately reports to the Governor.

The Board of Pardons (Governor, Attorney General, five Supreme Court Justices) meets twice yearly to consider commutations and pardons.

Juvenile probation services are administered by the Counties.

ADULT INSTITUTIONS

Anyone convicted of a felony, regardless of age, is committed to the Department of Prisons. The length of sentence varies: minimum sentence without violence is one year, with violence is five years; and a prisoner serving a life sentence must serve 10 years (minimum) before he can apply for a pardon.

COMMUNITY SERVICE CENTERS

The Community Service Centers are a pre-release concept designed to ease the re-entry of the released, adult offender into the community. Houses not more than 50 for a period of about four months. Residents work a regular full-time job or attend school or vocational training. Residents eligible for admission into the program are those who have achieved minimum custody status in the institution, who meet stipulated admission criteria and who are within seven months of release to parole or termination of sentence.

ADULT PAROLE BOARDS

The State Parole Board, is a full-time Board composed of a Chairman and six Associate Members appointed by the Governor with the advice and consent of the Senate. The Board is comprised of a panel for adult, young adult and juvenile cases. The members are further paired to hear County Jail cases.

Each panel consists of two Associate Members with the Chairman sitting as the third member of each panel. The Board is the paroling authority for all offenders committed as adults, young adults or juveniles in the state and County Jail inmates with terms in excess of 60 days. The Board also investigates and advises the Governor on all applications for Executive Clemency. In 1984, a Victim Input Program was started. The Board will consider the testimonies of victims of first and second degree crimes in making decisions.

ADULT AND JUVENILE PROBATION SERVICES

A single probation department exists in each county to provide probation services to all courts in the county that handle adult and/or juvenile matters at the trial level. The Judges of the Superior Court in each county appoint probation officers, fix their salaries and generally oversee the day-to-day operation of each probation department. Operating costs are paid for out of county revenues.

The Administrative Office of the Courts, through an Assistant Director for Probation, coordinates and supervises all probation services, acts for the Judiciary in relation to interstate probation matters, assists in developing policies and programs, conducts training for probation officers, and functions as consultants and advisor to the Judiciary.

THE ARTHUR SOLUTION TO YOUR PROBLEM

Arthur Industries, Inc., offers complete design services, flexible manufacturing capabilities, installation and service teams that can provide you with single source responsibility. Arthur Buildings are cost and time efficient. Arthur will fulfill your need for space.

Arthur can provide Security Prison Facilities which will immediately eliminate cramped living areas. With many federal, state and county detention centers near full capacity and an expected annual prison growth rate of 29 percent*, most correctional facilities throughout the United States will be experiencing extreme overcrowding conditions. Many states are presently under federal mandate to correct their overcrowded situations.

ARTHUR QUALITY AND FLEXIBILITY

Arthur can provide your correction department with wood frame structures for multipurpose buildings or all steel maximum security, single cell facilities, for high risk inmates.

Arthur can offer:

- Dormitory Housing
- Kitchen/Cafeteria Facilities
- Dayrooms
- Maximum Security Buildings
- Medical/Dental Units
- Staff Offices
- Centralized Guard Control Stations
- Administration Buildings

Arthur Buildings can be used as additional space within the confines of your existing grounds. Another concept is the self supporting, free standing prison facilities.

All Arthur structures meet required building codes and regulations. Low maintenance energy efficient material ensure reduced future upkeep and operating costs.

ADULT INSTITUTIONS

Adult offenders, 18 and over (except 15 year olds who have committed murder and 16 year olds who are convicted of other violent felonies), who have been convicted of a felony are committed to the Corrections Department where they must serve a minimum sentence of six months at one of the following institutions. Misdemeanants and felons may be placed on probation by the court with the Corrections Department supervising them.

In some cases, the judge may decide to send an adult offender to an institution for a 60-day diagnostic evaluation commitment. After the evaluation is made, the judge makes a decision to sentence or place on probation.

PROBATION AND PAROLE

All adult probationers, parolees and juvenile parolees are supervised by the Field Services Division of the Corrections Department. In addition to supervision, Field Services staff perform executive clemency investigations for the Governor's office, and prepare presentence investigation reports for the Courts. Field Services supervises a Transitional Employment Opportunity Program for both adult and juvenile parolees and operates a Community Corrections program. Field Services utilizes both group and foster home care for juvenile parolees. Juvenile probationers are supervised by the Courts.

NEW YORK

ORGANIZATION AND ADMINISTRATION

The Department of Correctional Services administers the adult correctional institutions. The adult Board of Parole is an autonomous agency which reports to the Governor but is administratively under the Division of Parole.

Juvenile institutions are administered by the Division for Youth under the Executive Department. Parole services and supervision are also the responsibility of the Division, specifically the Bureau of Placement and Counseling.

Probation services are administered by local County Departments in all the counties except Montgomery county where the State agency provides direct service. This agency, the Division of Probation, under the Executive Department, serves primarily to supervise County operations and provide financial assistance.

The City of New York has its own correctional system for adult offenders. The Department of Corrections consists of detention and sentence institutions, hospitals, and residential facilities; the Department of Juvenile Justice administers juvenile facilities; the Department of Probation provides probation services.

NEW YORK STATE EXECUTIVE DEPARTMENT

DIVISION OF PROBATION

The purpose of the State Division of Probation is to assist local probation departments in providing efficient and cost effective probation services through Rule, financial support, direct services, training, data collection and general supervision in three functional areas: intake/diversion, investigation/reports and supervision.

The State Probation Commission advises and consults with the State Director of Probation in the formulation of policies relating to probation throughout the state.

As reconstituted by Chapter 695 of the Laws of 1971 and amended by Chapter 496, Laws of 1972, the State Probation Commission consists of the State Director of Probation, who is chairman, and six other members selected as follows: three appointed by the Governor from among persons who, as members of the community, have demonstrated an interest and involvement in the field of probation; two appointed by the Governor from among probation administrators and probation officers actually employed in the field of probation; and the Chief Administrator of the unified court system. Members do not receive any compensation for their services; those appointed by the Governor serve at the pleasure of the Governor.

The New York City Department of Correction functions in a dual capacity as both a pre-trial and a post-sentence agency. Persons over 16 years of age may be incarcerated as detention or sentenced cases. Sentenced cases, classified as misdemeanants, serve up to one year (minimum one day). The Department also performs a civil function by holding cases answerable to civil courts of the City of New York.

NORTH CAROLINA

ORGANIZATION AND ADMINISTRATION

Adult correctional institutions and services are provided by the Department of Correction, a supra-agency composed of two divisions. The Division of Prisons is responsible for adult institutions (divided into geographic areas) and facilities for youthful offenders (18-21) and for juveniles who are tried as adults and assigned to the Division's Youth Services Complex. The Division of Adult Probation and Parole is responsible for the supervision of all adult probationers and parolees.

Juvenile institutions are operated by the Department of Human Resources' Division of Youth Services.

Juvenile probation and aftercare are provided by the Juvenile Services Division of the Administrative Office of the Courts.

The Parole Commission is the paroling authority for adult offenders. It is funded by the Department of Correction but reports only to the Governor.

A juvenile is released from an institution at the discretion of the staff of the institution. There is no juvenile parole board as such.

ADULT INSTITUTIONS

A male misdemeanor who is tried as an adult and who receives a minimum sentence of 181 days is committed to the Department of Correction. Male misdemeanants with minimum sentences of less than 181 days may be committed to the Department if local facilities are not available. Male felons, tried as adults, may be committed to the Department without any regard as to sentence length. Female offenders must be at least 16 years old and have received a minimum sentence of six months.

Other conditions under which an individual may be committed to the Department are: 1) persons awaiting trial or appellate review, and 2) individuals who are committed for up to 90 days for pre-sentence diagnostic evaluation. The Department of Correction may also receive persons suffering from active tuberculosis who refuse treatment. (They are released when certified non-contagious.)

Of the 81 facilities in North Carolina, 68 are managed through six Area Offices, centrally located within six geographic areas of the State.

Three geographic areas are managed by the Western Area Manager and three are managed by the Eastern Area Manager. All adult male misdemeanants and felons sentenced to 5 years or less are received at a unit designated as the Reception/Diagnostic Center. At this center the inmate is evaluated and classified for assignment to a designated unit within the area for the completion of an appropriate correctional program.

Minimum custody youthful offenders between the ages of 18-21 are separated from the adult population in 10 specially designated youthful offender facilities.

Telephone: (919) 733-4372

Lattie Baker, Chief

Youthful offenders under the age of 21, who are tried and sentenced as adults, are committed to the Division of Prisons and are segregated from the rest of the male prison population by being placed in the Youth Services Complex. Within the Complex, the population is further divided. The 18 to 21 population is separated from those under 18. The 18 to 21 medium custody felons are assigned to Polk, Harnett and Morrison Youth Centers. 18 to 21 year old minimum custody felons and misdemeanants are assigned to either Sandhills Youth Center or youthful offender units within the Geographic Command. Under 18 minimum custody felons and misdemeanants are assigned to Western Correctional Center, Burke or Richard T. Fountain Youth Centers.

NORTH DAKOTA

ORGANIZATION AND ADMINISTRATION

The Director of Institutions operates both the adult and the juvenile institutions in North Dakota. All felons with a sentence from one year to life are committed to the State Penitentiary. All male offenders who are convicted of any violation where the sentence is not less than 30 days, nor more than one year, are committed to the State Farm.

Youth offenders are committed to the co-educational juvenile institution directly from the juvenile court, or through the State Youth Authority. Juveniles up to age 18 who are adjudicated delinquent by the court and committed to the Director of Institutions are placed in the State Industrial School (juvenile Institution,) where the Director of Institutions determines the release date for these juveniles.

The Children and Families Services Division of the Department of Human Services, provides supervision and treatment services to youth offenders who are directly committed by the juvenile court.

The Parole and Probation Department provides state supervision of adult parolees and probationers. The Parole Board is an autonomous agency with authority to parole adults. The Pardons Board is an autonomous agency with authority to pardon adults.

Juvenile Probation Services are administered on the local level by the County Juvenile Supervisor in each county.

JUVENILE CORRECTION SERVICES

The Juvenile Correction Programs, administered by the Department of Human Services, provide community based evaluation and treatment services to juveniles and their families. These programs include both probation and parole services, of which the Children and Families Services Division is most active and takes formal legal custodianship of juveniles committed by the juvenile court. Nearly all children leaving institutional care receive aftercare (parole) services through these community correction programs.

ORGANIZATION AND ADMINISTRATION

Adult corrections institutions and parole services are provided by the Department of Rehabilitation and Correction. Juvenile institutions and parole services are provided by the Department of Youth Services.

The Adult Parole Authority, within the Division of Parole and Community Services under the Department of Rehabilitation and Correction, has the authority to parole felons; it also supervises probation officers who service 50 of Ohio's 88 counties. Juvenile probation services are provided by the Juvenile Court (judge) who may then assign the duties of juvenile probation to the county probation departments. The Office of Subsidies, within the Department of Youth Services administers state aid to county juvenile courts.

ADULT INSTITUTIONS

A person convicted of a felony under Ohio law may be sentenced to a penal institution. Ohio statutes divide male penal institutions into two categories—reformatories and penitentiaries. Male persons, except those convicted of first or second degree murder, between the ages of twenty-one and thirty years of age may be sentenced to a reformatory, if such persons have not been known previously to have served a sentence in a federal, state or other prison or correctional institution, and are persons whom the sentencing court deems amenable to reformatory methods. Males between the ages of eighteen and twenty-one years, other than those convicted of first or second degree murder, must be sentenced to reformatories unless such males have previously served a sentence in a federal or state prison or correctional institution for conviction of a felony. All other males sentenced to a state penal institution are sent to a penitentiary.

Ohio operates only one facility for women; all women convicted of a felony and sentenced to a penal institution are sent to the Ohio Reformatory for Women.

ADULT PAROLE BOARD AND SERVICES

The Parole Board of the Adult Parole Authority within the Division of Parole and Community Services which is under the Department of Rehabilitation and Correction, has parole authority over adult felons. In addition to the seven full-time paid members, nine Hearing Officers expand the functions of the Parole Board.

The Ohio Parole Board can release felons from adult institutions on "shock parole" after six months confinement, provided the offense was not murder or aggravated murder, a felony of the first degree, and anyone serving a sentence of actual incarceration. Inmates who complete one-third of their minimum sentences before their first parole hearings may be eligible for educational and vocational furlough. Inmates are also eligible for regular parole after serving the minimum sentence less time for good behavior.

ADULT PROBATION

The Adult Parole Authority which is under the Department of Rehabilitation and Correction, may exercise general supervision over all probation officers in the state, including those appointed in County Probation Departments and those appointed by police and municipal judges. The Adult Parole Authority provides services for local common pleas courts on a contract basis. (See above listing)

Eligible felons may be released from adult institutions on "shock probation" by the common pleas judge of the sentencing county.

All parolees and selected probationers referred by the common pleas courts are supervised by the officers of the Adult Parole Authority.

DEPARTMENT OF MENTAL HEALTH

** All adults over age 18 who are: 1) under indictment in Common Pleas Court for felony and found incompetent to stand trial; 2) transfers from the State Corrections Institutions (felons); 3) patients tried for a crime (felony) who are found to be "not guilty" by Reason of Insanity in Common Pleas Courts are committed to the Department of Mental Health.*

JUVENILE INSTITUTIONS

To be placed into the custody of the Department of Youth Services, a juvenile offender must be committed by a county juvenile court for an offense which would be a Felony I, II, III, IV, or a capital offense if committed by an adult. Upon commitment, a youth is placed in the appropriate Department of Youth Services' institution based on criteria established regarding the youth's age, type of committing offense, and home county. All youth who are committed to DYS may, at the discretion of the Department, be institutionalized to age 21, although very few actually are. There are minimum periods of institutionalization for committed youth as follows: Murder or aggravated murder, until the youth reaches 21 years of age; felonies of the first and second degree, one year; and felonies of the third and fourth degree, six months. It should be noted that many youth are released before the "minimum" period, through a statutory process which requires approval of the committing court.

JUVENILE PROBATION AND PAROLE

Probation of juveniles is administered by probation officers who are appointed by a Juvenile Court Judge. The Judge may transfer the duties of probation to County Probation Departments but at no time may a juvenile case be handled by an officer from the Adult Division. The Office of Subsidies within the Department of Youth Services administers a program of state aid to juvenile courts.

In all but two counties, the Juvenile Court is within the Division of Domestic Relations of the Court of Common Pleas. Cuyahoga County has an independent juvenile court, and the Hamilton County juvenile court is a separate division of that county's Court of Common Pleas. All juvenile courts have exclusive original jurisdiction over delinquent, neglected, and "unruly" children under 18 and over physically handicapped children up to age 21.

OKLAHOMA

ORGANIZATION AND ADMINISTRATION

The Department of Corrections consists of five divisions. The Division of Institutions, the Division of Community Corrections, Division of Probation and Parole, Division of Administrative Services and the Division of Programs and Services. The Director operates under the authority of the Oklahoma Board of Corrections.

Juveniles are handled by the Department of Human Services (institutions and parole). Juvenile probation services are usually provided at the local level; however, the Department of Human Services arranges supervision of some smaller counties. The Department of Human Services was formerly the Department of Institutions, Social and Rehabilitative Services.

ORGANIZATION AND ADMINISTRATION

The Department of Human Resources is divided into the Corrections Division, responsible for adult correctional institutions and, through its Field Services Section, a system of closely-supervised leaves (furloughs) permissible during last 180 days preceding parole or discharge, probation and parole; and the Children's Services Division, responsible for juvenile correctional institutions.

The paroling authority for adults is the Board of Parole, an independent agency responsible only to the Governor.

There is no juvenile parole board. The release date for juveniles is determined by a team of institution and juvenile parole staff.

Juvenile probation services are provided by the counties.

ORGANIZATION AND ADMINISTRATION

Adult institutions come under the jurisdiction of the **Bureau of Correction**, a part of the Office of General Counsel. The Commissioner of Correction reports to the General Counsel. Adult parole cases are reviewed by the **State Board of Probation and Parole**. The Board also supervises adult probationers and parolees whose sentences are two years or more. **County Probation Departments** supervise adult cases paroled by County Courts (sentence less than two years.)

Juvenile institutions come under the jurisdiction of the **State Department of Public Welfare's Office of Children and Youth**. Juvenile probation is a function of the counties and their probation officers. There are no institutional juvenile parole boards; the Juvenile Court has complete and original jurisdiction over juvenile offenders. The **Juvenile Court Judges Commission** provides advisory services to the courts and county probation departments regarding administration and program content for juveniles.

ADULT INSTITUTIONS

Those convicted in adult criminal court and receiving maximum sentences of from two to five years may, at the discretion of the court, be sent to a **State Correctional Diagnostic and Classification Center** for classification and transfer within the state system. Adult criminal convictions receiving five years or more must be sent to a **State Correctional Diagnostic and Classification Center**. Where **Regional Correctional Facilities** are available, counties within that region may send all individuals receiving sentences of six months to two years to the **Regional Facility**.

Parole eligibility occurs at the end of the minimum sentence which may not exceed one-half of the maximum sentence. For certain violent crimes, a mandatory five-year minimum sentence is required. All other cases are sentenced under 1982 sentencing guidelines which require the courts to justify any deviations.

Youthful offenders are adult criminal commitments, but because of age (15 to 21 years) are maintained at the **State Correctional Institution at Camp Hill**. Their sentences are statutorily established at indeterminate to six years unless the maximum for the offense is less than six years, in which case the sentence is indeterminate to the statutory maximum for that offense.

WE PLAN CORRECTIONAL SYSTEMS & FACILITIES

Every project begins with an assessment of the total system (policies, programs, facilities) and a projection of future requirements. Through this process, our clients can be confident that plans are sound and decisions are the right ones.

WE DESIGN CORRECTIONAL FACILITIES

In designing a correctional facility, a balance must be achieved between a series of competing requirements. A safe environment must be designed with a level of security which enhances rather than hampers the program intent and effectiveness of the facility.

WE MANAGE CORRECTIONAL PROJECTS

The correctional services of Vitetta Group are designed to meet the demanding needs of today's criminal justice system. Our team of skilled and experienced professionals will help you as you face the challenges of these times.

HOW CAN WE HELP YOU?

Vitetta Group's project management services assure the efficient, orderly and professional coordination of the wide range of specialized participants in a correctional construction project. It guarantees a successful conclusion to a project in which substantial effort has been invested in planning and design.

ADULT PAROLE AND PROBATION

The Pennsylvania Board of Probation and Parole is responsible for paroling action and supervision of all adult offenders receiving a sentence of two years or more. Offenders sentenced to a maximum of less than two years are paroled by county courts and supervised by County Probation Departments.

The Board of Probation and Parole also has authority to supervise probation cases and offenders sentenced to confinement with a maximum of less than two years when paroled and referred to the Board by the County Courts. The State Board has only supervision authority in these special probation and parole cases; County courts retain authority to revoke, terminate, or other judicial actions.

The Board is responsible, by State Statute, for establishing uniform state-wide standards for county adult probation services. It also administers a State Grant-in-Aid Program to counties for the improvement of county adult probation services.

★ BOARD OF PROBATION AND PAROLE (FT)

The Board consists of five full-time members, appointed by the Governor with the consent of a majority of the Senate members, to serve staggered, renewable six-year terms. Board members are prohibited from engaging in any other employment or political activity.

JUVENILE PROBATION AND PAROLE

Within the context of the Juvenile Court Act, the State provides institutions for juveniles but the Counties handle juvenile services, i.e., probation aftercare (the term parole is not used). The Juvenile Court Judges' Commission is responsible for advising juvenile courts concerning the proper care and maintenance of delinquent children; establishing standards governing the administrative practices and judicial procedures used in juvenile courts; examining personnel practices and employment standards used in probation offices; collecting, compiling and publishing juvenile court statistics; and administering a grant-in-aid program to improve county juvenile probation services. Commission staff also provide training for juvenile probation officers through the Commonwealth and has initiated a Master's Program in Juvenile Justice that will be available to Commonwealth juvenile probation officers who meet academic requirements.

The Commission is comprised of nine Juvenile Court judges appointed by the Governor.

Holds Heat! Holds Up!

Insulated Servers Keep Hot Food Hot, Cold Food Cold.

The Heat's On To Keep the Heat In The Meals You Serve

Want to hold required 140°F serving minimums and find durable serviceware to do it with, too?

Tray Stack Keeps Food Hot To Required 140°F Minimums.

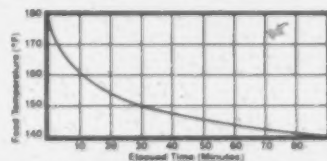

Use Aladdin servers. They capture the heat that's cooked into food to keep it hot. Urethane foam wrapped in a tough, molded shell, insulates it. Perfect for isolation and satellite meals.

Because servers stack in an inter-locking tower, heat rises from each serving compartment, keeping food items above warm.

Cold food items in the stack, meanwhile, keep each other chilled. Materials and seamless molding technique make system impact- and torque-resistant. Protects your investment.

SOUTH CAROLINA

ORGANIZATION AND ADMINISTRATION

Adult corrections at the state level in South Carolina is handled by two agencies, the South Carolina Department of Corrections and the South Carolina Department of Parole and Community Corrections. All convicted adult offenders, age 17 and above, and sentenced to serve a specific term of incarceration greater than three months are admitted to the Department of Corrections. Adult offenders between the ages of 17 and 21 (extended to 25 with individual consent) can be sentenced to serve an indeterminate term of one to six years under the Youthful Offender Act. These individuals may also be admitted to the Department of Corrections and supervised by its Youthful Offender Branch.

The Department of Corrections is responsible to the State Board of Corrections which serves as an advisory board. This board has seven members, six of which are appointed by the Governor, who is the ex officio member.

Department of Corrections' inmates serving a straight sentence are eligible for parole by the Department of Parole and Community Corrections, a separate agency. For individuals serving an indeterminate sentence under the Youthful Offender Act, the Department of Corrections' Youthful Offender Branch will be responsible for their parole decision and supervision.

The Department of Parole and Community Corrections establishes alternative means/programs to imprisonment for non-violent offenders in the community under specific rules; grants paroles and pardons, and, supervises those individuals placed on probation by the courts. The Department of Parole and Community Corrections, the State agency which provides adult probation and parole services, excluding those who have served an indeterminate sentence under the Youthful Offender Act, is responsible to the six-member Parole and Community Corrections Board. The six part-time and one at-large members are appointed by the Governor.

The Department of Youth Services is charged with the responsibility of providing statewide community based and institutional services related to juvenile delinquency. The agency was created on October 1, 1981, through the merger of the former Department of Youth Services and the Department of Juvenile Placement and Aftercare.

The Department of Youth Services is governed by a six-member board appointed by the Governor with the advice and consent of the Senate for five year terms. In addition, the State Superintendent of Education serves as a voting member and the Supervising Chaplain of the Department serves as a non-voting ex officio member of the Board.

A ten-member Juvenile Parole Board, also appointed by the Governor with the advice and consent of the Senate, acts as the paroling authority to determine the release of children committed by the Family Court to the agency's correctional facilities. The Parole Board also conducts hearings to determine revocations of releases for parole violations. Staff support for the Board is provided through the Parole Division of the Department under the guidance of the Commissioner.

ADULT INSTITUTIONS

Adult institutions housing offenders serving more than a three month sentence or an indeterminate sentence under the Youthful Offender Act fall within the jurisdiction of the Department of Corrections. Responsibility for direct supervision of these institutions is divided among three regional administrators who report to the Assistant Deputy Commissioner for Operations. Because of overcrowded conditions, some state inmates are housed in designated local facilities, as provided for by legislation. Local facilities to house State inmates are designated, in most cases, for a period of one year and may be renewed by mutual agreement of the Department of Corrections and local officials. The office of the Assistant Deputy Commissioner for Operations, is responsible for coordinating the operations for placing State inmates in designated local facilities. At the end of FY 1984, there were 58 local facilities designated to house State inmates. The average number of Department of Corrections inmates held in these facilities during FY 1984 was 556.

TURNSTILES SHOULDN'T LEAVE YOU GOING AROUND IN CIRCLES.

Turnstiles are relatively simple devices.

But sometimes problems can arise when you try to install them or adapt them to various kinds of access control systems.

And since more than one supplier is often involved, you could get caught running around in circles.

Alvarado has a simple way to keep that from happening.

We work with people.

We work with architects, engineers, security consultants, government people, specifiers, prime contractors, subcontractors, access control electronics specialists, and end users.

The MSTX-100 is a 7-foot, steel-constructed maximum security turnstile that's ideal for Amusement Parks, Banks, Data Processing Centers, Government Facilities, Industrial Plants, and Oil Refineries — anywhere access must be

strictly controlled.

It can be configured to control access in, out, or both ways. It's compatible with practically every access control system. And it can be wired for a fail-safe mode of operation.

It's available in standard hot-dipped, galvanized tubing, several colors of polyester coating, or stainless steel, and can be installed inside or out in virtually any kind of fence or wall, even glass.

We also make single-direction units and extra wide access models as required by the application.

Alvarado, established in 1955, is the leading name in pedestrian traffic control systems. For complete facts, call us today. Find out why Alvarado is the leading turnstile manufacturer that people keep turning to. Dealer inquiries invited.

ADULT PAROLE BOARD**PROBATION AND PAROLE SERVICES**

The Parole and Community Corrections Board is composed of seven members. The members serve for six years until their respective successors are appointed and qualified. Six of the seven members are appointed by the Governor, with consent of the Senate, one from each of the congressional districts, with one member-at large. Board members are part-time.

The Board grants pardons and oversees the operation of the Department of Parole and Community Corrections.

PAROLE AND COMMUNITY CORRECTIONS BOARD (PT)

The Parole and Community Corrections Board acts as agent of the Court in supervising those placed on probation and establishes a means of release of an offender from imprisonment to serve the remainder of his sentence under the specific rules of parole.

The Department of Parole and Community Corrections acts as an agent of the Court and Board in supervising those placed on probation and parole and establishes alternative means/programs to imprisonment for the non-violent offender in the community under the specific rules of the Court and Board.

Restoration of citizenship by pardon is vested in the authority of this Board. Restoring a person to a productive life and preventing his recidivism is a rewarding process and true goal of this agency.

JUVENILE INSTITUTIONAL AND COMMUNITY PROGRAMS

Children of the ages 10 to 17 who are adjudicated delinquent may be committed by a Family Court Judge to the correctional facilities operated by the Department of Youth Services. The Department is also responsible for providing juvenile intake, probation and after-care (parole) services through offices located in each county. A Juvenile Parole Board reviews the records and progress of children committed to the custody of the agency for the purpose of deciding the releases and revocations of releases of such children.

SHWC architecture meets criminal justice needs, schedules and budgets.

**We are a Texas firm
meeting Texas needs!**

Successful criminal justice architecture and planning require a special level of experience and knowledge. SHWC knows criminal justice codes and standards. We've been meeting the tight deadlines and budgets characteristic of criminal justice projects for over 35 years. The schedules for two recent jails required schematic design and design development to be completed in only three weeks. SHWC, working in Jim Hogg and in Val Verde Counties and closely with the Texas Commission on Jail Standards, met those schedules. From experience, we also know that each criminal justice project is unique. We incorporate the client's particular needs with our planning and design expertise throughout the course of the project.

SHWC. We meet your needs!

ORGANIZATION AND ADMINISTRATION

The State Board of Charities and Corrections consists of five members (appointed by the Governor and confirmed by the Senate) who supervise the adult and juvenile institutions. The Board also supervises three hospitals for the mentally retarded or mentally ill and one veterans home. Adult parole, juvenile aftercare, and interstate compact functions are administered by the office of Correctional Services which is supervised by the Board of Charities and Corrections.

The Board of Pardons and Paroles, administratively linked to the Board of Charities and Corrections, reviews adult parole cases, but is independent in its paroling authority. Juveniles are released from the State Training School and Youth Forestry Camp upon recommendation of the Superintendent and approval by the Board of Charities and Corrections.

ORGANIZATION AND ADMINISTRATION

The Department of Corrections operates adult institutions, and the Texas Youth Commission operates juvenile institutions. Each has its own Board to which it reports.

The Board of Pardons and Paroles is an independent agency which paroles adults. Under the Board, the Division of Parole Supervision is responsible for providing parole services—investigation and supervision—to the adult parolees.

Supervision of juveniles on parole is by the Texas Youth Commission's Community Services Division.

Probation is a function of the counties for both adults and juveniles.

ADULT INSTITUTIONS

All sane individuals, 17 years of age or older, who are convicted of a felony may be committed to the Department of Corrections. Also, juvenile offenders between the ages of 15 and 17 legally certified judicially may be tried as adults and committed to the Department.

Sierracin Glass-Clad Polycarbonate Glazings...

Proven in critically secure areas worldwide... in prisons and embassies, in government, corporate, financial and nuclear facilities. Sierracin glazings are approved by the Federal Bureau of Prisons and have been extensively tested by other U.S. and foreign agencies for resistance to all threats.

For resistance against high-powered ballistics, even after multiple hits, as well as physical force and flame attack, Sierracin OmniArmor™ is the answer.

For resistance against physical force, Sierracin OmniLite™ is proven in over 500 critically secure installations. Four all-new multi-ply polycarbonate designs deliver resistance against the severest types of attack weapons—from claw hammers and battering rams to pipes, sledge hammers and pick axes.

For resistance that deters vandals and burglars— for storefronts, jewelry cases, homes and factories —Sierracin OmniGard™ delivers the protection to match the threat.

With certified fire-rating. Two OmniLite cross sections offer a 20-minute fire rating conforming to UBC 43.2 and CSFM 43.7 fire codes. Test reports available upon request.

With the electronic dimension for ultimate security. Sierracin glazings may be ordered with alarm capability to complete your security system.

JUVENILE INSTITUTIONS

Any male or female between the ages of 10 and 17, who is adjudged delinquent may be committed to the Texas Youth Commission. Delinquent means any female or male person that has violated any penal law of this State, of the grade of felony, or a penal law of this State punishable by confinement in jail or conduct other than a traffic offense that on three or more occasions violates three jailable misdemeanors. Some offenders may be certified to be tried as an adult after reaching age 15. Sentences are indeterminate for offenders; however, the Youth Commission does have an administrative policy requiring a minimum one to two year length of stay for violent offenders. The Youth Commission retains custody until age 18.

ORGANIZATION AND ADMINISTRATION

The Division of Corrections, operates the state adult correctional institution, Field Operations Office and community correctional centers. The Division of Youth Corrections operates the state juvenile institution and provides supervision of its releasees; the Superintendent of the facility determines the release date. Also, under the Division of Youth Corrections, detention centers are provided by the State as holdover facilities or for long-term care of youth offenders. (These centers and facilities are financed (50%) by the State but administratively operated by the counties.) Group Homes are used as an alternative to the Youth Development Center for children not requiring secure custody.

The Board of Pardons and Parole, the paroling authority for adults, reports to the Board of Corrections.

Juvenile parole services are provided by the Division of Youth Corrections. The sole releasing authority for juvenile offenders is the Youth Paroling Authority appointed by the Board of Youth Corrections.

Juvenile probation services are provided by probation officers under the juvenile courts.

Nobody is Perfect...

Our goal, set by the client, the State of California, was to house the first 600 inmates of the new State Prison in Solano County in 7 months, and all 2400 prisoners in 17 months.

The realities of a multiple-contracts project with overlapping phases and 15 separate contractors extended the time to 9 months for the first 300 inmates and 20 months for all 2400.

A project of this size approached by conventional methods would normally take 2 years to design and 3 years to build. The schedule we have implemented reduced the time for completion, from programming to occupancy by more than 3 years, saving 2/3 of the time.

ADULT PAROLE BOARD

The Board of Pardons and Parole is a three member full-time board having full parole, pardon and commutation authority over all sentenced prisoners. The function is to determine when and under what conditions release from confinement or retaking of parole shall occur. Board members serve six, four and two year terms, and are appointed by the Board of Corrections. Although administratively placed within the Department of Corrections, the Board's decision-making authority is autonomous and uninfluenced.

ORGANIZATION AND ADMINISTRATION

Adult institutions, and probation and parole services all come under the jurisdiction of the State Department of Corrections whose Commissioner reports to the Secretary of the Agency of Human Services.

Those committed to the Commissioner of Corrections include men and women sentenced to custody or probation, adults sentenced to incarceration, and juveniles adjudicated delinquent. The Commissioner determines placement for these offenders. Responsibility for delinquent juveniles has been delegated to the Department of Social and Rehabilitation Services.

The Board of Parole handles adult offenders and is responsible to the Governor.

The parole release date for juveniles is set by the Juvenile Court; however, in some instances, the Department of Corrections can decide on and assume responsibility for the release of juveniles.

ATCO Correctional Housing solves the problem of prison overcrowding.

ATCO factory-built transportable housing is readily available and extremely cost-effective, with an excellent record at major correctional institutions in the United States and Canada. These include correctional facilities in Saskatoon, Canada and Cañon City and Buena Vista, Colorado. Adaptable housing modules including dormitories, kitchens, diners, recreation centres and administration offices, can be leased to answer every accommodation need.

OTHER ADVANTAGES:

Leased ATCO units are particularly successful as incentive housing. Attractive, comfortable accommodations naturally encourage good behaviour; ATCO gets rave reviews from captive audiences.

Call or write for a brochure and full information regarding the many ATCO correctional housing applications and lease arrangements available.

ADULT PAROLE BOARD

The Parole Board is a separate, autonomous body reporting only to the Governor. It is comprised of five full-time members who are responsible for assessing those persons eligible for parole, granting of same when appropriate, discharge of those who satisfactorily complete the parole period, and revoking those cases wherein delinquency is established.

The Board is a decision making body with client supervision being the responsibility of the Department of Corrections.

WASHINGTON

ORGANIZATION AND ADMINISTRATION

The Department of Corrections operates the adult correctional institutions and administers adult probation and parole services. The Bureau of Juvenile Rehabilitation of the Department of Social and Health Services provides for juvenile institutions and parole services. Juvenile probation services are provided by each county at the local level.

The Board of Prison Terms and Paroles is an independent agency reporting only to the Governor. The Board reviews only the cases of adult felons. There is no juvenile parole board. The release date for juveniles is determined by the Bureau of Juvenile Rehabilitation.

ADULT INSTITUTIONS

Anyone convicted of a felony by a superior court judge is committed to an institution under the Department of Corrections. This may include a juvenile remanded by a juvenile court to be handled as an adult. In a case such as this, if the juvenile is under 16, he may not be housed with adult felons and is therefore transferred to a juvenile institution by agreement of the Secretary of the Department of Corrections.

JUVENILE INSTITUTIONS AND PAROLE SERVICES

The Division of Juvenile Rehabilitation works with youth between the ages of eight and 18 who are committed to it by the county juvenile courts. Since July 1, 1977, juvenile courts can only commit delinquent youth to the Division; before July 1977, the courts were also committing dependent incorrigibles.

Beginning July 1, 1978, release dates were established utilizing a minimum and maximum. These ranges have to be approved by the legislature.

WISCONSIN

ORGANIZATION AND ADMINISTRATION

Wisconsin's integrated correctional system provides institutional and probation/parole/aftercare services to adults and juveniles. The Administrator of the Division of Corrections reports to the Secretary of the Department of Health and Social Services (DHSS), who is appointed by the Governor.

The Parole Board is a separate agency reporting to the DHSS.

The Division of Corrections is divided into five direct service bureaus: Adult Institution Services; Juvenile Services (institution and aftercare); Community Corrections (adult probation and parole); Program Services (industries, career and program services); and Clinical Service. Three offices provide management support.

WYOMING

ORGANIZATION AND ADMINISTRATION

The Board of Charities and Reform is a constitutional board fully responsible for the management of penal institutions (or community based correction programs) and human service institutions. The Board is comprised of five elected officials: Governor, Secretary of State, Auditor, Treasurer and Supervisor of Public Instruction. The Executive Secretary of the Board oversees all Board matters while the State Corrections Administrator assists him in penal matters.

The Department of Probation and Parole, an independent agency reporting only to the Governor, provides a state-wide system of probation and parole services for both adults and juveniles. There are exceptions to this state system as several cities and counties have juvenile counselors who act under authority of county or municipal courts.

The paroling authority for adults is vested in the Parole Board. The Board is also responsible for recommending commutations to the Governor and controls Good Time Awards.

Juveniles are discharged or released to Parole by the Board upon staff recommendations under an indeterminate sentencing structure.

ADULT PAROLE AND PROBATION

The Parole Board consists of three full-time members, with the Chairman responsible to the Governor. The Board: (1) grants parole; (2) revokes parole; (3) advises the Governor about any form of executive clemency; (4) may order the confinement of a parolee in any medical institution for treatment when his presence in the community is incompatible with the safety or welfare of the person himself or of the community; and (5) restores parolees rights that are indispensable for accomplishing their rehabilitation, except the right of suffrage or to hold elective posts.

The Program of Probation has Regional Supervisors in charge of 13 local chief probation officers. The probation officers supervise probationers and do pre-sentence investigations.

FEDERAL INSTITUTIONS

The Federal Bureau of Prisons, established on May 14, 1930 by an Act of Congress, is assigned the responsibility for "the safe-keeping, care, protection, instruction, and discipline of all persons charged or convicted of offenses against the United States."

To carry out its responsibilities, the Bureau has a correctional network of 43 correctional institutions ranging from penitentiaries to prison camps. The administration of these facilities is divided into five regions with regional directors headquartered in Atlanta, Dallas, Kansas City, Philadelphia, and San Francisco. Functions such as case management, health and drug abuse programs, education, vocational training and correctional services are delegated to these regions and the individual institutions with coordination and oversight carried out in the Central Office.

Who guards the guardians?

Correctional institutions require state-of-the-art security equipment to monitor their facilities. Vindicator is proud that its Microplex[®] monitoring systems are repeatedly chosen to protect correctional facilities with the most demanding security requirements. Microplex integrated systems regularly monitor and control hundreds of alarms including intrusion, fire and CCTV.

Vindicator's Microplex systems have set the standard for quality in the security industry. Microplex systems are being used at major military installations, hospitals, banks, refineries, museums and industries of all kinds, in a wide variety of applications—wherever people are serious about security.

We have Microplex systems to meet requirements of all sizes. Please call us and let us review your security needs.

BREAK FREE

Open your mind to proven procedures and new techniques to make your job safer and more efficient.

In any critical situation, minutes count. You don't often get a second chance.

FIRE IN THE JAIL — a new 15-minute film/video produced by the Los Angeles Sheriff's Department gives you the expert training you need to make the best use of every available moment. Remember, your split-second decisions are going to be examined at leisure — know what you're doing.

Make the right decision — call your MTI Account Executive today for further information on this and other titles of interest to the correctional officer and institution.

U.S. PAROLE COMMISSION

The Commission, an independent agency placed within the Department of Justice for administrative purposes, has jurisdiction over all eligible federal prisoners, and continuing jurisdiction over those who are released on parole or mandatory release. On a cooperative basis the Commission uses the services of staff employed by Bureau of Prisons. That staff prepares classification summaries, progress reports and other reports concerning parole applicants. Field supervision of released prisoners is provided by the United States Probation Officers, who are employed by the United States District courts. They function as 'parole officers' and prepare reports concerning the adjustment of parolees for the Commission.

THERE'S MORE TO SECURITYWARE THAN MEETS THE EYE

When you look at our stainless steel Securityware fixtures, your first impression is of tough, durable, easy to maintain, attractive institutional fixtures. But the real advantages can't be seen from the outside. These fixtures are worth a closer look.

Tempus II

The new patented **TEMPUS II** vandal-resistant valve sets new standards in metering valves. It is fully adjustable from 2 seconds to 3 minutes or over and works on a very wide range of water pressures. Tempus II is a unique push button system that generates cost savings by reducing water consumption. The Tempus II will provide year after year of trouble-free operation and controlled water usage.

Another innovation is the **PERFECT-FLUSH** toilet rim. It creates a virtual 100% dispersion of water on the bowl wall for more complete flush cleaning.

The Tempus II valve and Perfect-Flush rim, unique innovations in Stainless Steel Securityware from Metcraft and Arista Newman where continuing research keeps making good ideas, even better.

NATIONAL PAROLE BOARD

ORGANIZATION AND ADMINISTRATION

The National Parole Board grants or denies conditional releases to those inmates under sentence of imprisonment in federal penitentiaries or provincial jails in those provinces where there is no provincial Parole Board. It is an independent body reporting to Parliament through the Ministry of the Solicitor General.

The Board consists of 26 members appointed by the Governor-in-Council for a period of up to ten years. All members may be reappointed. The head office is in Ottawa, though divisions of two or more members may be established. There are five such divisions, one in each major geographical region of the country, namely, the Atlantic, Quebec, Ontario, the Prairies and the Northwest Territories, and the British Columbia and Yukon regions. Regional Offices are managed by one Regional Executive Officer in each region with support staff.

ALBERTA

ORGANIZATION AND ADMINISTRATION

Alberta Correctional Services is responsible for the operation and administration of institutional and community-based correctional programs for both adult and young offenders.

The administration of programs and facilities is decentralized into three regions: Edmonton, Calgary and North/South. Each region is responsible to the Assistant Deputy Minister, Correctional Services Division, for the delivery of corrections programs and for the operation of facilities for both adult and young offenders.

Like all Canadian correctional jurisdictions, Alberta is currently at the mid-way point of implementing new Young Offenders Act legislation. On April 1, 1985, this legislation will re-define the classification of Young Offenders, to include all offenders 12 to 17 years of age.

BRITISH COLUMBIA

ORGANIZATION AND ADMINISTRATION

The Corrections Branch of Ministry of the Attorney General is responsible for an integrated system of services for adult and juvenile offenders which includes community supervision, custody services, court assistance, and community-based programs. With respect to incarceration of adults, provincial jurisdiction includes only those sentenced to less than two years in prison. The Corrections Branch also is the responsible government agency for conciliation and mediation services related to marital separation and for reports for the courts regarding custody and access to children.

The Branch is headed by the Commissioner, who is responsible to the Attorney General. Reporting directly to the Commissioner are five Regional Directors of Corrections, each responsible for the range of correctional services in their area, and the Deputy Commissioner. The Deputy Commissioner is responsible for a variety of management and operations support groups, including Resource Analysis, Program Analysis and Evaluation, Data Systems, Religious Programs, Staff Development, Medical Services and Psychological Services. The Deputy Commissioner assumes responsibility for the Branch in the Commissioner's absence. The Director of Inspection and Standards reports directly to the Commissioner.

British Columbia has its own Parole Board, whose jurisdiction for parole decision making encompasses all inmates incarcerated in provincial correctional centres. The Board is responsible to the Attorney General and administratively reports to the Commissioner of Corrections.

ADULT AND JUVENILE FACILITIES BY REGION

The capacities of the Regional Centres range from 25 to 400. Capacities at Forest Camps range from 45 to 60 depending on the type of program at the camp. Community Correctional Centres, which are attended under the authority of the Temporary Absence Program for work or educational release, range in capacity from 15 to 25. The average daily adult provincial count is approximately 2,000, with admissions to the system in the course of the year reaching 12,000.

Levels of security range from locked tiers and supervised control of all inmate movement to passes to attend work in the community from a community correctional centre. Programs offered throughout the province include shop work, forestry and farm work, wilderness survival training, regular employment and educational upgrading in local communities.

Community Services staff number 494 at over 86 locations and include Probation Officers (including parole supervision), Bail Supervisors, Probation Interviewers, and Family Court Counsellors. The Branch operates four Youth Detention and Containment Centres. The average number of admissions to the Community Service system during a twelve month period is approximately 20,000.

NORTHWEST TERRITORIES

ORGANIZATION AND ADMINISTRATION

Both adult and juvenile corrections services are provided by the Department of Social Services which is divided into two separate branches—Health, and Social Services. Responsibility for corrections falls under the Social Services Branch. Correctional services are integrated with other social services and social workers within the Branch support all service areas.

Within the Department of Social Services, the Chief of Corrections is responsible for all adult institutions and community programs, including probation. Juvenile offenders (persons under the age of 16) come under the responsibility of the Superintendent of Child Welfare.

Regional Superintendents are responsible for supervising social service workers in the five regions of the Northwest Territories. Departmental social workers perform a wide range of duties on behalf of the Department of Social Services including probation, parole, and after-care supervision services.

Central administration and support services are provided through the Department of Social Services to all component departments.

NOVA SCOTIA

ORGANIZATION AND ADMINISTRATION

The Correctional Services Division, Department of the Attorney General, is responsible for provision of adult probation service which includes the preparation of pre-sentence reports, supervision of adults as directed by the courts and overall provision of community correctional services. The Division is also responsible for inspecting the adult correctional institutions. In Nova Scotia, municipalities own and operate adult correctional facilities.

The Department of Social Services is responsible for the administration of the Young Offenders Act as it applies to young persons between the ages of 12 and 15. The Department operates two central correctional facilities (one for males and one for females) for young persons sentenced to custody. Probation and aftercare for young offenders are administered by the Department of Social Services.

PRINCE EDWARD ISLAND

ORGANIZATION AND ADMINISTRATION

The jails in Prince Edward Island accept remand and sentenced prisoners, both male and female, of the age 16 and over, regardless of the offense. In addition, the jails act as lock-ups for all police forces in the Province. Females are seldom held in custody.

Juvenile offenders are the responsibility of the Department of Health and Social Services. There are no institutions for juveniles. Those committed to detention after court proceedings are housed in the Province of Nova Scotia.

CORRECTIONAL SERVICES (JUVENILE)

By virtue of the passage in 1971 of the blueprint law "An Act respecting health services and social services", the province of Quebec was divided into nine (9) socio-sanitary regions within which were grouped all the establishments offering services to children with behavioral problems. As is stipulated in the Act, such establishments are called rehabilitation centers; these centers "admit persons suffering from a . . . psychological or social handicap who require intensive rehabilitation or orientation for a limited period of time."

The admittance of children to these reception centers, the respect for their rights, the type of program their state requires, the conditions for providing care in a top security environment are all regulated by the Youth Protection Act which was sanctioned in December, 1977.

JUVENILE PROBATION SERVICES

Persons who come before the Court are dealt with pursuant to the Juvenile Delinquents Act (Canada). Juveniles on probation by court order are counselled individually and/or with their families and/or in a group, on a regular basis. A community work program is also in operation to fulfill that aspect of court orders.

Code of Ethics

The American Correctional Association expects of its members unfailing honesty, respect for the dignity and individuality of human beings, and a commitment to professional and compassionate service. To this end we subscribe to the following principles.

Relationships with clients/colleagues/other professions/the public—

- Members will respect and protect the civil and legal rights of all clients.
- Members will serve each case with appropriate concern for the client's welfare and with no purpose of personal gain.
- Relationships with colleagues will be of such character to promote mutual respect within the profession and improvement of its quality of service.
- Statements critical of colleagues or their agencies will be made only as these are verifiable and constructive in purpose.
- Members will respect the importance of all elements of the criminal justice system and cultivate a professional cooperation with each segment.
- Subject to the client's rights of privacy, members will respect the public's right to know, and will share information with the public with openness and candor.
- Members will respect and protect the right of the public to be safeguarded from criminal activity.

Professional conduct/practices—

- No member will use his or her official position to secure special privileges or advantages.
- No member, while acting in an official capacity, will allow personal interest to impair objectivity in the performance of duty.
- No member will use his or her official position to promote any partisan political purposes.
- No member will accept any gift or favor of such nature to imply an obligation that is inconsistent with the free and objective exercise of professional responsibilities.
- In any public statement, members will clearly distinguish between those that are personal views and those that are statements and positions on behalf of an agency.
- Members will be diligent in their responsibility to record and make available for review any and all case information which could contribute to sound decisions affecting a client or the public safety.
- Each member will report, without reservation, any corrupt or unethical behavior which could affect either a client or the integrity of the organization.
- Members will not discriminate against any client, employee, or prospective employee on the basis of race, sex, creed, or national origin.
- Members will maintain the integrity of private information; they will neither seek personal data beyond that needed to perform their responsibilities, nor reveal case information to anyone not having proper professional use for such.
- Any member who is responsible for agency personnel actions will make all appointments, promotions, or dismissals only on the basis of merit and not in furtherance of partisan political interests.

AMERICAN CORRECTIONAL ASSOCIATION RESEARCH PROJECTS

CORRECTIONAL STANDARDS PROGRAM

Hardy Rauch, Project Director

In conjunction with the U.S. Department of Justice, the Commission on Accreditation, units from all 50 states, and the Correctional Service of Canada, the American Correctional Association will develop, disseminate, and review standards for safe, sound, and humane practice in all areas of corrections. A 12-month grant from the National Institute of Corrections will enable the ACA to maintain this ongoing cooperative effort and to support the activities of the Committee on Standards. Activities for the coming year include the issuing of the second in a series of annual supplements to the current editions of standards. The supplement will contain materials contained in the first supplement (October 1983) as well as any additions, deletions, revisions, and interpretations to the standards approved by the Committee during the year. The supplements are used in the accreditation process and by ACA consultants providing technical assistance to the field.

Other activities to be undertaken during the grant period include the following:

- *Develop and publish a handbook for evaluating and auditing ACA standards.* The evaluation, interpretation, and auditing for ACA standards is still an impressive process. Different auditors place varying emphasis upon the requirements of the standards, a variance which is disturbing to all parties concerned. One of the major efforts for the FY 1985 Standards program is to develop a set of guidelines which will provide direction to direct agencies and auditors in the evaluation of compliance with standards.
- *Clearinghouse activities.* The ACA will continue to respond to inquiries from correctional practitioners, courts, political jurisdictions, and other interested persons regarding standards implementation and interpretation.
- *Reviewing of existing and proposed publications for compliance with standards.* Standards staff and the Committee will continue to review new ACA publications to ensure that they conform with the intent of the standards in force.

**DEVELOPMENT OF GUIDELINES FOR CONVERSION AND OPERATION
OF UNUSED PUBLIC PROPERTIES AS LOW-COST DETENTION
FACILITIES FOR DRUNK DRIVERS**

Dr. Robert B. Voas, Program Manager

This manual will be designed and written in a simple, straightforward form which will provide information to local government officials responsible for the development and management of these alternate detention centers. It also is intended that this manual would be useful for local community leaders seeking establishment of alternatives to traditional incarceration. Funding for this grant is being provided by the U.S. Department of Transportation.

ESTABLISHING JUVENILE DETENTION RESOURCE CENTERS

William J. Taylor, Project Director

This project, funded by the Office of Juvenile Justice and Delinquency Prevention (OJJDP), is a supplement to the project: *Development of Sample Policies and Procedures for Juvenile Detention Facilities*.

The intent of this project is to choose 3 detention facilities which vary in administrative structure and size to act as resource centers, capable of giving training and technical assistance to other detention facilities. Guidelines and criteria for selection have been mailed out. This project is scheduled for completion in April, 1985.

EXAMINATION OF PRISON INDUSTRIES

Dr. Robert B. Levinson, Program Manager

Prison industries represent a vastly underutilized source that can and must be used to better advantage. The re-entry of private sector involvement in prison industries operations, along with the success of various government and joint public/private operations, gives new import to such questions as: What are the essential elements of prison industries operations? Which models are the most successful? How should a correctional system choose from among the various approaches?

This project will provide a comprehensive view of prison industries operations as they exist today and will offer suggestions for future operations based on a thorough literature review and information gathered from inmates as well as line and executive staff. Topics to be examined include sales markets, inmate salaries, training and work skills, government regulations, and use of profits.

Funded by the National Institute of Corrections, the project will screen operating prison industries programs and select several successful alternative approaches for intensive study. A series of on-site visits, interviews, and questionnaires will provide the data to be studied. The report of this study will provide guidance for those planning new prison industries or charged with renewing old industrial operations. The project is scheduled for completion January 1, 1985.

NATIONAL CORRECTIONAL POLICY

Charlotte A. Nesbitt, Program Manager

In conjunction with the National Institute of Corrections (NIC), the American Correctional Association (ACA) is implementing the National Public Correctional Policy plan. This plan represents a consensus-building process for identifying, ratifying, disseminating, and assisting with implementation of national correctional policies. The goal is to provide a unified sense of purpose and direction to correctional systems, agencies, and services throughout the country. Both ACA and NIC have designated staff to this project and have appointed a National Policy Advisory Committee.

The policy development process is specifically designed to ensure wide representation and a solid base for action. Extensive input is sought and received for each policy statement. All recommendations are reviewed by the Advisory Committee and, based on this input, the policies are redrafted. Once there is consensus on a policy, it is submitted for ratification at the ACA's annual Congress or Winter Conference.

To date, eleven national correctional policies have been ratified:

- Purpose of Corrections (ratified 8/83)
- Conditions of Confinement (ratified 1/84)
- Use of Appropriate Sanctions and Controls (ratified 1/84)
- Classification (ratified 8/84)
- Female Offender Services (ratified 8/84)
- Correctional Staff Recruitment and Development (ratified 8/84)
- Juvenile Corrections (ratified 8/84)
- Offenders with Special Needs (ratified 8/84)
- Correctional Standards and Accreditation (ratified 8/84)
- Correctional Industry (ratified 8/84)

The following policies are currently under development:

- Probation
- Parole
- Community Corrections
- Management of Legal Issues and Litigation
- Crowding in Corrections
- Victim Services
- Correctional Information Systems
- Education and Training of Offenders
- Private Sector Involvement in Corrections
- Prison and Jail Design
- Use of Force

The ACA policy development program is developing national policies for all correctional arenas. The policy development process represents an intensive effort to use the experience and expertise of correctional practitioners to develop realistic direction for our field. The ratified national policies will provide a common foundation upon which the fundamental problems that daily impact our field of corrections can be addressed and resolved.

PLASMAPHERESIS CENTER PROJECT

William J. Taylor, Program Manager

The intent of this project is to produce, for distribution, an Advisory Bulletin on "Plasmapheresis Centers" in correctional institutions—the state-of-the-art; history of plasmapheresis in correctional institutions; do's and don'ts for correctional departments to consider; guidelines to consider and legal problems.

The project is scheduled for completion on October 31, 1984.

PRIVATE SECTOR OPERATION OF CORRECTIONAL FACILITIES

Dr. Robert B. Levinson, Program Manager

This project represents the first comprehensive look at a new and intriguing phenomenon in correctional administration—the operation of secure correctional programs and facilities by private, for-profit companies. The intent of the study is to evaluate all aspects of this trend in correctional operation, including personnel practices, program effectiveness, staff attitudes and morale, inmate attitudes and morale, comparative costs, community responses, and evaluations by other criminal justice agencies. Focus of the study will be the Okeechobee School for Boys, a secure institution that has been under private sector management since October 1982. Similar operations underway throughout the United States will also be surveyed, and an assessment made of the interest expressed in such operations. The statistics, conclusions, and recommendations in the final report should be of value to those concerned with the effectiveness and costs of correctional programming and operations. The project is being funded by the National Institute of Corrections and is scheduled for completion May 1, 1985.

RECENTLY COMPLETED PROJECTS

Technical Manual for the Behavioral Classification System for Adult Offenders
(Herbert C. Quay).

Robert B. Levinson, Ph.D., Program Manager

This project, sponsored by the National Institute of Corrections, summarizes the developmental work and experience gained in correctional settings during the past 20 years. The ACA produced a technical manual describing the typology system for classifying adult inmates.

Based on easy-to-use assessment instruments, the system groups inmates into five personality types for housing and program assignments.

Experience to date has validated the utility of the behavioral classification system for reducing violence in institutions (inmate-on-inmate and inmate-to-staff). The system has also proved useful for providing more targeted approaches to vocational, educational, and other rehabilitative programs for the various inmate groups. The project was completed in August, 1984.

A Study of the Benefits, Detriments and Costs of Abolishing Parole in the State of Nevada
Hardy Rauch, Program Manager

In 1983 the Nevada Legislature passed Senate Bill 375 which requires an extensive review of the system of parole in the State of Nevada. The senate bill mandates the establishment of a committee which will study the benefits, detriments and costs of abolishing parole.

To comply with this mandate the senate has convened a legislative committee headed by Senator Helen Foley who serves to investigate the areas noted along with 5 other legislators from the State of Nevada. The impact of this committee will have a far reaching and long lasting effect upon the Nevada department of prisons and its prison population, prison programs, and prison goals. It is imperative in our opinion that we provide the committee with the necessary information and materials to assist them in reaching a sound conclusion on the subject matter involved.

This project, funded by the National Institute of Corrections, consisted of a seven-member committee working closely with the senate committee in the development of data relating to those subjects. The legislative committee and the non-voting members met in working sections to finalize recommendations.

System-wide Security Practices for the State of Tennessee

Hardy Rauch, Program Manager

The Tennessee prison system incarcerates approximately 8,000 adult offenders. The Department's present inmate population in each facility is at or above the ideal operating level, and it is continuing to experience a higher growth rate than that has been projected.

This project, funded by the National Institute of Corrections (NIC), provided the Department with information and materials to assist them in reviewing existing security procedures and developing improved security measures.

A Study of Selective Incapacitation of Prisoners and Its Relationship to Probation, Prison, and Parole for the Nevada Legislative Committee on the Abolition of Parole (Senate Bill 375)
Project Co-Directors

Hardy Rauch, Correctional Consultant and James Austin, Ph.D.

There is a growing recognition among criminal justice professionals that expanding correctional capacity alone is not the answer to burgeoning prison populations. Many jurisdictions have built new prisons and jails only to see them quickly fill up, exceeding their design capacities and inmate population projections.

In light of this situation, the Nevada legislature passed Senate Bill 375 authorizing a comprehensive study of the benefits, detriments, and costs of abolishing parole in the state.

This project, funded by the National Institute of Justice (NIJ), represents one phase of an ongoing study and provided the subcommittee with technical data analysis to guide their consideration of various models of sentencing and parole.

TRAINING AND TECHNICAL ASSISTANCE

The American Correctional Association's Division of Training and Technical Assistance offers training to meet the needs of our membership through nationally advertised and on-site training programs. We are pleased to offer correspondence courses for Correctional Officers and Correctional Supervisors.

Training for Staff Trainers

A survey recently conducted by the Technical and Skills Training Division of a national training organization revealed that 60 percent of their technical training members had been in their positions less than two years and 70 percent have never had any specific training in instructional technology. The American Correctional Association has been working with the National Institute of Corrections over the past two years to develop a comprehensive "Train the Trainers" program for correctional staff trainers. We have trained over 400 trainers in the past two years. The purpose of this program is to assist the participants in developing the knowledge, skills and attitudes necessary to be a professional correctional staff trainer.

Workshop Design

The learning experiences in this program incorporate a philosophy of "learning-by-doing" in a highly concentrated format. In preparation for a workshop, participants are often asked to devote time to the selection of materials reflecting the needs of their own work settings. In simulated individual and team environments, they then apply the principles being learned to these materials to design and complete products translatable to each person's work situation.

A wide variety of programs will be offered in 1984-85 including:

- Let ACA Train Your Trainers
- Managing Stress in Corrections
- Crisis Intervention and Hostage Negotiations
- Stress-Reduction Techniques for Inmates
- Proposal Writing for Corrections
- Fire Emergency Planning
- How to Develop Policies and Procedures
- Legal Issues Training
- Emergency Evacuation Procedures
- Managing Community Corrections Facilities
- Dealing with the Mentally Ill Offender
- Suicide Prevention

On-Site Workshops

The Association also conducts on-site training programs in the content areas listed, as well as Report Writing, Management and Supervisory Training, and Communication Skills. These programs are designed to be delivered on-site for state and local departments of correction at a greatly reduced rate. The sponsor of an on-site training workshop provides a training site and a minimum number of participants. By using the on-site training model, departments of correction save travel and per diem costs for participants and gain the ability to train a large number of people.

Correspondence Courses

The Association offers two correspondence courses for the corrections professional. Both are four volume, self-instructional courses which provide basic instruction in accordance with ACA Standards.

The Correctional Officer Correspondence Course contains:

- Volume I—Basic Concepts in Corrections
- Volume II—Supervising Inmates
- Volume III—Security Procedures
- Volume IV—Special Inmates

The Correctional Supervisors Correspondence Course contains:

- Volume I—Basic Concepts in Supervision
- Volume II—Advanced Concepts in Supervision
- Volume III—Workbook: Applying Supervisory Techniques
- Volume IV—Legal Issues and Discipline

After completing each volume, participants are given a comprehensive examination. Each candidate who scores 80% or better on each test will be awarded a certificate of successful completion for 40 hours of in-service training. Graduates will also be eligible for 3.6 Continuing Education Units from Eastern Kentucky University.

Further information can be obtained by writing or calling Liz Gilbert, Staff Assistant, or William J. Taylor, Manager, Training and Technical Assistance, American Correctional Association, 4321 Hartwick Road, College Park, MD 20740. Phone (301) 699-7650.

Always Specify the Best. PEERLESS RESTRAINING DEVICES

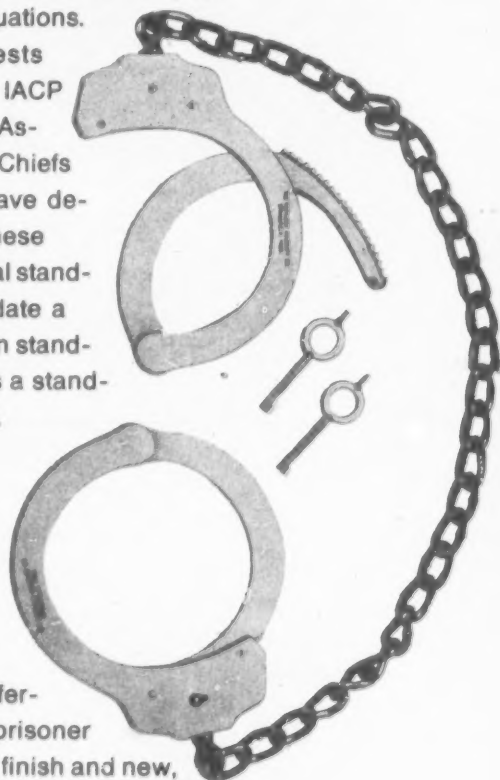

New Hinged Handcuffs These patented handcuffs are the ultimate in restraint and provide maximum safety to the restraining officer. New hinge design prevents prisoners from using muscles and tendons to tamper with locking mechanism. When handcuffed properly, prisoners are unable to escape, even with key in hand. Hinged Handcuffs, permit cuffing in a cross arm position, preventing "stepping" through to bring hands from back to front. Particularly effective in transporting prisoners and in high

security risk situations.

Independent tests approved by the IACP (International Association of Chiefs of Police) have determined that these

handcuffs exceed Federal standards. Can accommodate a 25% larger wrist than standard cuffs and uses a standard handcuff key.

Leg Irons

Peerless leg irons are adjustable shackles built for years of service. They are made to the same rigid specifications as U.S. government approved Peerless handcuffs. They have 19 positive locking positions to a 10" circumference and a strong 15" chain to prevent the prisoner from running. All steel construction with nickle finish and new, improved double lock. Two standard handcuff keys are furnished.
